Commissions dated 16th March, 1946.

(259)

Civil Service Commission, 16th April, 1946.

The Civil Service Commissioners hereby give notice that an Open Competitive Examination for the admission of boys and girls to the Clerical Classes (General and Departmental) of the Civil Service will be held, commencing on the 3rd September, 1946, under the Regulations dated the 17th August, 1945, and published in the London Gazette of the same date.

The following is a provisional list of the centres at which the examination may be held:—Aberdeen, Belfast, Birmingham, Blackburn, Bristol, Cambridge, Canterbury, Cardiff, Chester, Darlington, Dundee, Edinburgh, Exeter, Glasgow, Hull, Leeds, Liverpool, London, Londonderry, Manchester, Newcastle-on-Tyne, Newport (Mon.), Norwich, Nottingham, Oxford, Plymouth, Portsmouth, Preston, Salisbury, Sheffield, Stoke-on-Trent, Swansea and Workington.

The final list of centres will be decided when the number of candidates desiring examination at each centre is known.

No person will be admitted to examination from whom the Secretary of the Civil Service Commission has not received, on or before the 13th June, 1946, an application in the candidate's own handwriting, on a prescribed form, which may be obtained from the Secretary at once.

Ministry of Transport, Berkeley Square House, Berkeley Square, London, W.1

MERSEY CONSERVANCY.

I hereby give notice, pursuant to the 9th Section of the Act 5 and 6 Victoria, Cap. 110, intitled "An act for better preserving the Navigation of the River Mersey," that I have received a Notice from the Mayor, Aldermen and Burgesses of the County Borough of Wallasey given pursuant to the Provisions of the said Act, of their intention to construct at Wallasey ten groynes on the foreshore in accordance with plans and sections deposited at this office, a copy of which notice is deposited.

J. A. Edgell,

Vice Admiral

Acting Conservator
of the River Mersey.

COUNTY BOROUGH OF WALLASEY.

To—Vice Admiral Sir J. A. Edgell, K.B.E., C.B., F.R.S., Acting Conservator of the River Mersey, Berkeley Square House, Berkeley Square, London, W.1.

In pursuance of an Act for better preserving the Navigation of the River Mersey (5 & 6 Vic. Cap. 110) we, The Mayor, Aldermen and Burgesses of the County Borough of Wallasey, owners of the foreshore upon which the works are proposed to be constructed by reason of a Conveyance from the Commissioners of Crown Lands dated 14th March, 1930, hereby give you notice that we propose to construct at Wallasey ten groynes on the foreshore extending seawards to a maximum distance of 675 ft. or thereabouts measured at right angles to the Promenade Wall in accordance with the plan and section herewith, marked No. 190/A/2. The groynes will be constructed with steel piles about 6 ft. apart centre to centre and driven about 9 ft. into the beach, with 4 in. creosoted timber planking between the piles. It is intended to drive the four piles at the outer end of each groyne about 3 ft. deeper than shown upon the typical section of Plan No. 190/A/2 to allow for a certain amount of scour taking place at the ends of the groynes.

The object of the proposed groynes is to arrest the denudation of the beach which is taking place, and to restore its previous level.

The extent to which the proposed works may project into or exclude, impede or interrupt the tidal or other waters of the River Mersey is as shown on the said plan and section.

Some latitude is desired as to the exact position of the groynes shown on the said plan and section as the level of the beach may have changed somewhat since the surveys were made in 1945.

The present application is made in respect of groynes 1 to 10 inclusive but it is not intended to commence groynes 7 to 10 inclusive until the results of groynes 1 to 6 inclusive have been ascertained. It is intended to commence groynes 1 to 6 as soon after the expiry of one calendar month from the 6th April, 1946 as is practicable.

Dated this 5th day of April, 1946.

Emrys Evans,

Town Clerk, Town Hall, Wallasey.
