"The Lords Commissioners of His Majesty's Treasury hereby give notice that, at a Trial of the Pyx begun at Goldsmiths' Hall in the City of London on the 6th day of March and concluded on the 8th day of May, 1946, the following Verdict of the Pyx Jury was delivered to the King's Remembrancer, viz.:—"

TRIAL OF THE PYX OF THE LONDON MINT.

VERDICT.

We, whose names are hereunder written, having been sworn on the sixth day of March One thousand nine hundred and forty-six, before the King's Remembrancer, at Goldsmiths' Hall in the City of London, have made the assays and trials of His Majesty's silver coins in the Pyx of the Royal Mint in London, which, according to accounts produced by the officers of the Mint, were coined in the said Mint from the 1st day of January One thousand nine hundred and forty-five to the 31st day of December One thousand nine hundred and forty-five, both days inclusive. We found that there were no gold coins in the said Pyx. We ascertained the number of coins in each packet produced to us, and that such number corresponded with the number which the Officers of the Mint represented it to contain, and we took one coin from each of such packets of silver coins, making altogether 129 half-crowns, 131 Florins, 106 shillings, 104 sixpences, one fourpence, 7 threepences, 2 twopences and 1 penny. We then weighed each one pound troy weight (at its standard weight) of the coins so taken out and ascertained that the said coins so bulked were within the remedy as to weight prescribed by the Coinage Acts, 1870 to 1920. We then took for assay one pound troy (at its standard weight) of the coins so weighed comprising 11 half-crowns, 11 florins, 10 shillings, 10 sixpences, 1 fourpence, 3 threepences, 2 twopences and one penny, and we ascertained that the amount of variation from the standard weight allowed under the Coinage Acts 1870 to 1920 was, for such pound so taken for assay plus two thousandths (+ .002) of an ounce on the whole, and that, therefore, such pound troy of silver coins weighed and assayed as aforesaid was on the whole within the variation from standard weight so allowed. We then assayed separately the coins in the pound troy so taken for assay, comparing them with the Standard Trial Plate made

of pure silver (as prescribed by the Coinage Act 1920) produced by the Board of Trade, so as to ascertain whether the metal of the said coins was on the whole within the remedy as to fineness prescribed by the Coinage Acts, 1870 to 1920, and we found that the amount of variation from the standard fineness so prescribed was plus two ten thousandths (+ .0002) on the whole of the coins in such pounds, and that, therefore, the said pound troy of silver coins weighed and assayed as aforesaid was, on the whole, within the variation from fineness allowed under the Coinage Acts, 1870 to 1920. We weighed in bulk the residue of the coins remaining in the said packets of silver coins and we ascertained that they were on the whole within the remedy as to weight allowed under the Coinage Acts 1870 to 1920, being one ounce and seven hundred and seventy-three thousandths of an ounce (+ 1.773) above the standard weight prescribed by the said Acts.

TOWN AND COUNTRY PLANNING ACT, 1944.

NOTICE is hereby given that the Mayor, Aldermen and Burgesses of the Borough of Southampton acting by the Southampton Town Council, in pursuance of their powers under section 1 of the Town and Country Planning Act, 1944, on the 16th day of April, 1946, applied to the Minister of Town and Country Planning for an Order under the said section declaring that the land situate within and at the extreme south of the county borough of Southampton and west of the river Itchen and described in the Schedule hereto, which land is shown edged and coloured red on the map accompanying the application, shall be subject to compulsory purchase for the purposes of dealing with war damage in the borough, and that the application is about to be considered by the Minister.

A copy of the application and of the map referred to, and of the other documents relating to the application, have been deposited in the offices of the Council's town planning department, which are situate in the art gallery block of the Civic Centre in the borough, and will be open for inspection there by all persons interested without payment of fee on every week day between the hours of 10 and 12 in the morning and (except on Saturdays) 2 and 4 in the afternoon. Except that it does not include the Civic Centre, the parks (or public lands) or certain residential areas hereinafter mentioned, or any part of the Docks or of the Southern Railway, the said land comprises almost the whole of Town, St. Mary's, Northam, Trinity, Newtown and All Saints Wards, and also includes the said small areas situate in Bevois, Banister and Freemantle Wards. The said excluded residential areas include the greater part of the Polygon, and three other areas which may be very roughly indicated as follows, viz.:—an area bounded on the north and east by the Southern Railway, on the south by Chapel Road and on the west by St. Mary Street, an area bounded on the north by Marsh Lane, on the east by Terminus Terrace, on the south by Oxford Street and on the west by Charles Street, Threefield Lane and Latimer Street, and an area bounded on the north by Durnford Road and Graham Road, on the east by Hartington Road, on the south by Wolverton Road, on the south-west by Northbrook Road and on the west by the backs of properties in St. Mary's Road.
