PRESENT,

The KING's Most Excellent Majesty in Council.

WHEREAS the Ecclesiastical Commissioners for England have prepared and laid before His Majesty in Council a Scheme bearing date the 24th day of April, 1947; in the words and figures following, that is to say:—

"We, the Ecclesiastical Commissioners for England, acting in pursuance of the Union of Benefices Measures, 1923 to 1936, and of the Ecclesiastical Commissioners (Powers) Measure, 1938, now humbly lay before Your Majesty in Council the following Scheme, which we have prepared with the consent (in witness whereof he has signed the Scheme) of the Right Honourable and Most Reverend Geoffrey, Archbishop of Canterbury, acting in the vacancy of the See of Lincoln, for effecting the union of the benefice of Lenton (otherwise Lavington) and the benefice of Ingoldsby both situate in the diocese of Lincoln.

"SCHEME

"1. *Union of Benefices.* The benefice of Lenton (otherwise Lavington) and the benefice of Ingoldsby shall be permanently united together and form one benefice with cure of souls under the style of 'The United Benefice of Lenton with Ingoldsby,' but the parishes of the said benefices shall continue in all respects distinct.

"2. *Taking effect of union.* Upon the day when any Order of Your Majesty in Council ratifying

this Scheme is published in the London Gazette the union shall forthwith take effect.

" 3. *Parsonage House.* (1) Upon the union taking effect the parsonage house (if any) belonging to the benefice of Lenton at that date shall be the house of residence of the incumbent of the united benefice.

(2) If the parsonage house now belonging to the benefice of Ingoldsby shall not have been sold or disposed of under the Parsonages Measure, 1938, before the taking effect of the union or shall not at that date be in process of being disposed of under that Measure it and the site and appurtenances thereof and the grounds usually occupied and enjoyed therewith shall be sold and disposed of by us, the said Ecclesiastical Commissioners, after the union has taken effect at such time or times and in such manner in all respects as to us shall seem expedient.

(3) If, pursuant to the last preceding paragraph, the said parsonage house be sold by us as aforesaid so much of the net proceeds of the sale as after consultation with the Bishop of the said diocese we shall deem sufficient shall be applied towards the cost of the modernisation and improvement of the parsonage house of the united benefice in accordance with plans to be approved by us or by Queen Anne's Bounty. Provided that, pending completion of the said works of modernisation and improvement, the interest up to an annual sum of £100 in respect of the net proceeds of sale shall be paid by us to the incumbent of the united benefice.

" 4. *Diversion of endowments.* There shall be severed or diverted from the united benefice and transferred to us, the said Ecclesiastical Commissioners, for the benefit of our Common Fund—

(a) upon the union taking effect, the endowments specified in Part I of the Schedule hereto, and

being in each case present endowments of the benefices of Lenton and Ingoldsby and in consideration of the said transfers we shall make from time to time such grants as we may deem appropriate in augmentation or endowment of benefices in the said diocese. Provided that, if the parsonage house of Ingoldsby be not sold under the Parsonages Measure, then pending modernisation and improvement as aforesaid of the parsonage house of the united benefice, such grant shall first be made by us from time to time to the incumbent of the united benefice as will amount together with any interest paid to him under paragraph 3 of this Scheme to an annual sum £100.

" 5. *Patronage.* After the union has taken effect the right of presentation to the united benefice shall be exercised by the patrons of the two benefices alternately, the patron of the benefice of Lenton having the first presentation to the united benefice to be made after the union.

Treasury Chambers.

23rd May, 1947.

*Treasury Chambers, 20th May, 1947.*

"The Lords Commissioners of His Majesty's Treasury hereby give notice that, at a Trial of the Pyx begun at Goldsmiths' Hall in the City of London on the 5th day of March and concluded on the 7th day of May, 1947, the following Verdict of the Pyx Jury was delivered to the King's Remembrancer, viz.:—"

TRIAL OF THE PYX OF THE LONDON MINT.

VERDICT.

WE, whose names are hereunder written, having been sworn on the fifth day of March One thousand nine hundred and forty seven, before the King's Remembrancer, at Goldsmiths' Hall in the City of London, have made the assays and trials of His Majesty's silver coins in the Pyx of the Royal Mint in London, which, according to accounts produced by the Officers of the Mint, were coined in the said Mint from the 1st day of January One thousand nine hundred and forty-six to the 31st day of December One thousand nine hundred and forty-six, both days inclusive. We found that there were no gold coins in the said Pyx. We ascertained the number of coins in each packet produced to us, and that such number corresponded with the number which the Officers of the Mint represented it to contain, and we took one coin from each of such packets of silver coins, making altogether—crowns, 134 half-crowns, 110 florins, 100 shillings, 93 sixpences, 1 fourpence, 3 threepences, 2 twopences and 1 penny. We then weighed each one pound troy weight (at its standard weight) of the coins so taken out and ascertained that the said coins so bulked were within the remedy as to weight prescribed by the Coinage Acts, 1870 to 1920. We then took for assay one pound troy (at

its standard weight) of the coins so weighed comprising — crowns, 12 half-crowns, 10 florins, 10 shillings, 9 sixpences, 1 fourpence, 3 threepences, 2 twopences and 1 penny, and we ascertained that the amount of variation from the standard weight allowed under the Coinage Acts 1870 to 1920 was, for such pound so taken for assay plus eight thousandths (+.008) of an ounce on the whole, and that, therefore, such pound troy of silver coins weighed and assayed as aforesaid was on the whole within the variation from standard weight so allowed. We then assayed separately the coins in the pound troy so taken for assay, comparing them with the standard Trial Plate made of pure silver (as prescribed by the Coinage Act 1920) produced by the Board of Trade, so as to ascertain whether the metal of the said coins was on the whole within the remedy as to fineness prescribed by the Coinage Acts, 1870 to 1920, and we found that the amount of variation from the standard fineness so prescribed was minus fourteen ten-thousandths (-.0014) on the whole of the coins in such pound, and that, therefore, the said pound troy of silver coins weighed and assayed as aforesaid was, on the whole, within the variation from fineness allowed under the Coinage Acts, 1870 to 1920. We weighed in bulk the residue of the coins remaining in the said packets of silver coins and we ascertained that they were on the whole within the remedy as to weight allowed under the Coinage Acts, 1870 to 1920, being one ounce and one hundred and forty-eight thousandths of an ounce (+1.148) above the standard weight prescribed by the said Acts.

Dated the 7th day of May, 1947.

##### Civil Service Commission,

23rd May, 1947.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz.:—

TEMPORARY (RECONSTRUCTION) REGULATIONS FOR FILLING ESTABLISHED VACANCIES FOR ASSISTANTS AND SENIOR ASSISTANTS (SCIENTIFIC) IN GOVERNMENT DEPARTMENTS.

1. Both men and women may compete under these Regulations.

2. Every candidate must have attained the age of 18 by the first of January of the year in which he or she competes.

3. Candidates must be British subjects. They must also satisfy one of the following conditions:—

(a) If natural-born British subjects, they must either

(i) have at least one parent who is or was at death a British subject; or

(ii) have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment;

(b) If naturalised British subjects, they must have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(c) If not qualified under (a) or (b) of this paragraph they must satisfy the Commissioners that they are so closely connected with His Majesty's dominions either by ancestry, upbringing or residence, or by reason of national service, that an exception may properly be made in their favour.

Provided that a candidate will not be eligible for appointment to the Admiralty, War Office, Air Ministry, or Ministry of Supply, unless he is a natural born British subject and born within the United Kingdom or in one of the self-governing Dominions, of parents also born within the United Kingdom or in one of the self-governing Dominions, except when the circumstances are such as to justify a departure from the general rule, in which case, provided the candidate satisfies the conditions prescribed by the preceding paragraphs, he may be admitted to appointment or competition by special permission of the First Lord of the Admiralty, the Secretary of State for War, the Secretary of State for Air, or the Minister of Supply, as the case may be.

4. Candidates born on or after 1st January, 1917, must either

(i) have obtained School Certificate with credit in mathematics or a science subject or have passed an examination of equivalent or higher standard; or

(ii) produce a statement from the Scottish Education Department or the Ministry of Education for Northern Ireland showing that they have attained a standard equivalent to that of the School Certificate of the Oxford and Cambridge Schools Examination Board, including the special qualification in mathematics or a science subject; or

(iii) in the case of ex-regular service candidates, have passed either (a) the Forces Preliminary Examination with a pass in either mathematics or natural science or (b) the R.A.F. Higher Education Test Part I with a pass in mathematics, mechanics or the Properties of Matter, or (c) the Admiralty Higher Educational Test Second Class with a pass in mathematics or mechanics or magnetism and electricity.

Provided that the Commissioners will also accept as eligible candidates who owing to circumstances beyond their control are unable to comply with requirements (i), (ii) or (iii) but who produce a statement from a responsible person under whom they have studied or worked that they have reached School Certificate credit standard in mathematics or a science subject.

(a) Every candidate will be required to state on his application form the courses of further study in individual science subjects (including engineering) or of technical training he has attended and also the certificates or examination passes he has been awarded by recognised public bodies such as the Universities and Technical Colleges, the Royal Institute of Chemistry, the City and Guilds Institute, and the Institute of Medical Laboratory Technology.

(b) Every candidate must also produce evidence of thorough experience in the duties of the class gained by service in a Government Department or other civilian scientific establishment or in technical branches of the Forces. The experience must cover a minimum period of two years on duties appropriate to vacancies in one of the four groups of scientific subjects mentioned below and the two year period must be recent, subject to allowance of gaps in cases where the experience has been broken for an extensive period by service in H.M. Forces:—

(i) Biological Sciences.

(ii) Chemistry, bio-chemistry and metallurgy.

(iii) Engineering and physical sciences.

(iv) General (including geology, general work ranging over two or more of groups (i) to (iii) and highly skilled work in laboratory crafts such as glass-blowing).

(c) Particular additional qualifications may be required for vacancies in certain establishments. For example, in some Departments there will be posts for which older ex-service men of non-commissioned or warrant officer rank with long experience in technical branches of the Forces are required. In the Veterinary Laboratory of the Ministry of Agriculture and Fisheries the intermediate and final certificates of the Institute of Medical Laboratory Technology will be required for vacancies in the Assistant and Senior Assistant grades respectively. For vacancies on sea fisheries work, candidates must be fit to undertake duties at sea and in the Meteorological Office fitness to undertake regular turns of night duty is required. The great variety of work undertaken by Assistants does not, however, allow detailed specification of these particular qualifications in Regulations. Candidates may therefore be questioned further on their training, experience and interests in the interviews to which reference is made in paragraph 8 below.

5.—(1) Every candidate must satisfy the Commissioners as to his or her health and character.

(2) The Commissioners reserve the right to give such preference to disabled persons or to particular classes of disabled persons as may be necessary in order to give effect to any general policy regarding the employment of such persons which may be adopted by His Majesty's Government, provided that the disability is not of a nature to interfere with the discharge of the duties required.

6. No person who is undergoing a course of study with the aid of a grant from public funds shall be eligible to compete before the completion of the course, unless he or she has previously obtained permission to do so from the authority which administers the grant.

7. Every candidate must apply on the appropriate form within the time and in the manner of which notice is given by the Commissioners.

8. Those candidates who on their Application Forms and the resulting enquiries are found to be *prima facie* eligible will be summoned to (a) a preliminary informal interview and (b) an interview before a Selection Board, provided that the Commissioners, if they so wish, may summon only those candidates who appear to be most suitable for appointment. The Selection Board shall have power, in the case of candidates recommended for appointment to the Assistant grade, to give such preference to candidates born on or after 1st January, 1917, as they consider appropriate and candidates born before that date will be expected to have specially useful experience of the kind required by employing Departments. Subject to this preference the Selection Board will recommend for appointment those candidates who appear to them to possess the best qualifications, having regard to the nature of the vacancies available and will indicate in each case whether the candidate is recommended for appointment as Assistant or Senior Assistant. The Senior Assistant grade is in general designed for the older candidates and normally no candidate who is not at least 27 will be recommended for the grade. The Board will have before them the report of the preliminary interview and will take into consideration the candidate's record of education and experience, with due regard to loss of opportunity and loss of scientific knowledge of those who have served in the Forces, any recommendations that they may receive from persons named by the candidate as having direct knowledge of their work in the past, the candidate's scientific knowledge and personal qualities as shown at the interview; and on their estimation of all the above evidence the Board will frame their recommendations. The decision of the Commissioners will be final.

9. Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate central education authority (e.g., the Ministry of Education, the Scottish Education Department, the Ministry of Education for Northern Ireland) has been notified to the Commissioners.

10. It will rest with the Commissioners to determine the Department to which each successful candidate shall be assigned. In making the assignments the Commissioners will be guided by the requirements of the public service. Subject to this condition, the

wishes of the candidates will, where possible, be respected.

11. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons, except as referees to be named by them in their Application Forms, will disqualify them for appointment. The Selection Board will disregard spontaneous recommendations from persons who are not personally acquainted with the candidate's work, whether at school, or other educational institution, in the Forces, or otherwise.

12. A successful candidate shall be required to pay a fee of 10s. before the issue of a certificate of qualification for appointment.

#### Civil Service Commission, 23rd May, 1947.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury viz. :—

#### REGULATIONS RESPECTING OPEN COMPETITIVE EXAMINATIONS FOR ADMISSION TO THE EXECUTIVE CLASS (AND CORRESPONDING DEPARTMENTAL CLASSES) OF THE HOME CIVIL SERVICE AND EXECUTIVE POSTS IN BRANCH B OF THE FOREIGN SERVICE.

##### 1. Age.

Candidates must be at least 18 and under 18½ years of age (a half-year equals six calendar months) on the governing date. But

(a) Candidates who have served or are serving in the Navy, Army or Air Force may deduct the period of such service from their age.

(b) Candidates who have served in any established post to which they were admitted with the Certificate of the Civil Service Commissioners may deduct from their actual age any time not exceeding two years which they have spent in such service before the governing date.

For an examination held in the first six months of any year the governing date for age will be the 1st March in that year; for an examination held in the last six months of any year it will be 1st September in that year.

##### 2. Sex.

Both men and women are eligible, but women will not ordinarily be appointed to posts in the Admiralty, War Office or Air Ministry or to the Immigration Service of the Home Office.

Candidates must be British subjects. They must also satisfy one of the following conditions:—

(a) if natural-born British subjects, they must either

(i) have at least one parent who is or was at death a British subject; or

(c) If not qualified under (a) or (b) of this paragraph they must satisfy the Commissioners that they are so closely connected with His Majesty's dominions either by ancestry, upbringing or residence, or by reason of national service, that an exception may properly be made in their favour.

##### 4. Health and Character.

Successful candidates must satisfy the Civil Service Commissioners as to their health and character.

In view of the nature of the duties of some of the posts in the Executive Group (e.g., Assistant Inspectors on the Outdoor Staff of the Ministry of National Insurance) a high standard of physical qualification is required. Impaired hearing in one or both ears, defective speech, loss of a limb, or any defect hindering the free use of the limbs may be held to disqualify a candidate; and candidates suffering from hernia, hydrocele or varicose veins are liable to rejection unless the condition can be cured by treatment.

The Commissioners cannot undertake to give decisions regarding physical eligibility in advance of the medical examination.

##### 5. Examination.

The examination consists of:—

A candidate may take *three* optional subjects, but a candidate who takes Biology may not also take either Botany or Zoology.

Candidates who wish to be assigned to Branch B of the Foreign Service must take either French or German or Spanish and reach a satisfactory standard in it; and those who wish to be assigned to the post of Actuarial Assistant in the Government Actuary's Department must take both Lower Mathematics and Higher Mathematics and reach a satisfactory standard in each.

(b) An *interview*, to which only those who obtain a certain minimum number of marks in the written examination will be summoned. The maximum mark for the interview is 300.

The final order of merit will be determined by the total marks gained in the whole examination. (The number of vacancies to be filled will be decided by the Civil Service Commission and the Treasury.)

##### 6. Candidates trained as Teachers.

Candidates who have been trained as teachers and upon whose training public money has been spent, cannot be appointed until the consent of appropriate central education authority (e.g., the Ministry of Education, the Scottish Education Department, the Ministry of Education for Northern Ireland) has been notified to the Commissioners.

##### 7. Assignment.

The Commissioners will decide to which Department each successful candidate is to be assigned. A candidate who declines to accept the post offered will have no claim to be assigned to another, but will be regarded as having declined appointment. Assignments will be made in accordance with the needs of the public service; but the wishes of candidates will, where possible, be taken into account.
