menthe Imperial Camp ar Montenara, July 9. N.S.

HE 5th Instant, Adjutant-General Davia, who had been out with a Party of Horse between Gremma and Picigkittone, returned hither with a Spanish Lieutenant and two Troopers he id taken Prisoners. We toraged on the other side it he Mincio with very good success. This day a Part of 100 Foor came out of Manua, to attack about 60 foor Horse which were posted near the Mincio, and aming made their Discharge at too great a Distance, so int id do no execution, our Men ran upon them, allaying broke them, the Enemy threw down their lens and ran away; many of them were killed, and fir Arms were taken; on our ideo only one Trooper is slightly wounded. Upon nonce that the French had begit up a great deal of Corn in the Ferrarese and the fraim serviceries, to be carried by Water to Perona, and from thence by Land to Manua, and that part of the first were lent out to intercept it, which they all and brought leveral Boats loaded therewish to origin. The sth, one of our Parties meeting with a foopers. This day, after several Medages from the frach, dearing a Cartei for the Emissing of Prisoners, Commissioners were named on the analysis to adjustificat them. The 9th, we have an account, that the Energhis sent 4 Battalions of Foot towards the Ogio, such are to be followed to morrow by a Regiment of larse and another of Dragoons. The Enemy have got agency many Boats at Cremona, to carry their Artiller, July 14- Our Letters from the Imperial Campus Mints, July 14- Our Letters from the Imperial Campus Mints, July 14- Our Letters from the Imperial Campus Mints, July 14- Our Letters from the Imperial Campus Mints, July 14- Our Letters from the Imperial Campus Mints, July 14- Our Letters from the Imperial Campus Mints, July 14- Our Letters from the Imperial Campus Mints, July 14- Our Letters from the Imperial Campus Mints, July 14- Our Letters from the Imperial Campus Mints for the Amints of the Imperial Campus Mints for the Amints of the Imperial Campus Mints for the Amints of the Imperia

Valide, July 14. Our Letters from the Imperial Campus Millian Ing. They are thill in the time advantageous bill, and have perfected their Intrenchments near the Gar Pradella, notwithstanding the contraual fire from its Iown upon them, and the great Endeavours that intenterwise been used by the Enemy to minder that Work; And that Prince Eugene having Intelligence, in the old Prince or Vandenmit was arrived in the Rench Camp, and that the Duke of Vendoime had its considerable Detachment towards Vindana, had become detached 8000 Horie towards Vindana, had become of the Motions of the Enemy.

Crass, July 15. The King of Poland having got seller most of his Sance Forces, marched from hence inch Instant rowards the Sweaigh Army, in order to tack it before it could be joined by the Forces that it coming from Pomeren. He had before sent Orders a the Forces of the Crown to join him in his march, which are marching for that purpose with great Dispute. We hear the King of Sweden having Notice most, continued his march without waiting any larger for his Forces from Pomeren, and that the two larges are come within 4 Leagues of one another. Bestan, July 22. We have received an account, That King of Sweden, with his Army, being come up with the King of Polana's Army, within 2 German miles of Simp, attack'd their Leit Wing, which was composed a list Polith Forces, who, after ionne resistance, were kind of the Saxons, who were likewise obliged to retire, land the Saxons, who were likewise obliged to retire, lands that of their Retreat to Crass, to that it is imposed a great number were killed or taken. Genetically his occasioned a great deal of Disorder attages and General Segman, two of the King of hards had out off their Retreat to Crass, to that it is imposed a great number were killed or taken. Heidelberg, July 25. The King and Queen of the Romans arrived here this day, and were received with all possible Demonstrations of Respect. A great Entertainment is preparing, for them and their Retinue against to morrow, when the King enters into the 24th Year of his Age; and the next day he invends to proceed to the Camp before Landard.

Branefort, July 26. Six pieces of heavy Cannon and 2 Mortase were brought hither yesterlay from Eamberg, which, with a great quantity of Ammunition and 1000 Muskets from our Magazines, will be first in a day or two to the Imperial Camp before Landard. A Regiment of Horse of the Forces of the Dukes of Westerlay to Landards, within 6 miles of this Town, and will sharrive be followed by the rest of the Forces which those shave put into the Emperor's Service. An Imperial Regiment of Cuirassilers marched from Hailbrea the 21th Instant to the Emperor's Service. An Imperial Regiment of Cuirassilers marched from Hailbrea the 21th Instant to the Emperor's Service. An Imperial Regiment of Cuirassilers marched from Hailbrea the 21th Instant to the faid Camp, and 5000 Hussilers are shoully expected there. The Count of Hailas went thither 2 days ago from this Place, and the Landgrave of Hosp Darmitad intends to be there in a day or two. Our Accounts from thence say, the Waters of the Ricias hand other Rivers, whose overslowing has been some hindrance to the Siege, begin to fail, and that Prince Lewis has carried on his Trenches very near to the Counterscarp; and those on the side of General Thungen's Attack are advanced within 14 Paces of the Glacis of the Citadel. Marshal and Brumat, has removed his Camp more towards Strashaug. We hear the swelling of the Rhine, occasioned by the late Rains, has overslowed the Island before Handargen, and obliged the French to quit that Post. From the Camp of the Allies at Geldorp, July 30. The Ways were so bad the 25th Instant, by reason of the continual Rains, that the Generals thought sit to desert the march of the Army from Over-Affect for that day However, most part of the Baggage went over the Mucle in the Afternoon upon 3 Bridges just below Grave, and the 26th the whole Army followed, having first reinforced the Garison of Noneghèn to 16 Bartalions of Foot and 7 Squadrens of Horse. We came and sineampid with the Left at Zeeland and the Right at Uden, and the 27th continued our march about 4 Leagues, and encamped with the Left at Leybout, and the Right near Numen. Some Squadrons of the Enemy appeared the 26th in the Morning at a good distance, while the Army was pailing over the Mucle, but did not think sit to advance so far as to interrupt our march; and the 27th in the morning we had Intelligence, that the Enemy decamped about so a Clock the Night before; that being come within 3 Leagues of Venio, they halted for about 3 hours, and then continued their march towards that Place, in order to pass the Macle. The 28th, our Army marched from Nimen, and encamped with the Right at Gelserp, and the Left at Mirle, where we halted yesterday, and are this day marching to Hannet in the Country of Liege. We have advice, that the French having passed the Mucle about Venio, are come to Weers, which is within two Leagues of Hannet, so that our next march will be regulated, with regard to the Motions of the Enemy, who me hope to oblige to repass the Denzer, and then all the Country on this side of that River will be at our Discretion.
