#### ADMIRALTY NOTICE TO MARINERS.

##### NO. 8. WARNING SIGNALS TO DENOTE THE PRESENCE OF SUBMARINES.

Former Notice.—No. 8 of 1949; hereby cancelled.  
 1. Attention is drawn to the following warning signal which is in use to denote the present of Submarines:—

British vessels fly a rectangular *red* flag to denote that Submarines, which may be submerged, are in the vicinity. Vessels are cautioned to steer so as to give a wide berth to any vessel flying such a flag. If from any cause it is necessary to approach her, vessels should proceed at slow speed until warning is given of the danger zone by flags, semaphore or megaphone, &c.; a good look-out being kept meanwhile for Submarines whose presence may be only indicated by their periscopes showing above water.

A Submarine submerged at a depth too great to show her periscope, may sometimes indicate her position by releasing a "smoke candle" which gives off a considerable volume of smoke on first reaching the surface. Her position may sometimes be indicated by red-and-white or red-and-yellow buoys or floats, which tow on the surface close astern.

2. Under certain circumstances warnings that Submarines are exercising in specified areas may be broadcast by a General Post Office W/T Station.

3. It must not be inferred from the above that Submarines exercise only when in company with escorting vessels.
