25th October, 1951.

Civil Service Commission, 26th October, 1951.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of H.M. Treasury, viz.:—

RECRUITMENT OF ELECTRICAL ENGINEERS IN THE ADMIRALTY.

1. Sex.

Men only may compete under these Regulations.

2. Age.

Candidates must have been born on or before 1st August, 1921. There is no upper age limit, but as a reasonable period of service is expected from persons appointed to the Civil Service, the Commissioners reserve the right to give weight to this factor in considering candidates who are over 50 years of age.

3. Nationality.

No person is eligible for employment in the Admiralty who is not a natural-born British subject and born within the United Kingdom or in one of the self-governing Dominions of parents also born within the United Kingdom or in one of the self-governing Dominions.

No departure from this rule will be made without the special permission of the first Lord of the Admiralty, and then only in exceptional cases and in favour of candidates who are British subjects and who also satisfy one of the following conditions:—

(a) If natural-born British subjects, they must either

(i) have at least one parent who is or was at death a British subject; or

(ii) have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(b) If naturalised British subjects, they must have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(c) If not qualified under (a) or (b) of this paragraph they must satisfy the Commissioners that they are so closely connected with His Majesty's dominions either by ancestry, upbringing or residence, or by reason of national service, that an exception may properly be made in their favour.

4. Qualifications and Experience.

I. The minimum qualifications must include

(a) A University Honours Degree in Engineering or equivalent qualification; and

(b) A minimum of two years practical training followed by practical experience in a responsible electrical engineering post of eight years or such other experience as the Commissioners consider equivalent.

II. Special experience in any of the following will be regarded as of particular value:—

Electrical engineering design and manufacture;
Generating stations and distributing systems;

Electronic engineering and its applications;
Electrical installations as applied to ships;
Research, investigation and experiment.

IT WILL BE A CONDITION OF APPOINTMENT THAT CANDIDATES WHO ARE NOT CORPORATE MEMBERS OF THE INSTITUTION OF ELECTRICAL ENGINEERS MUST OBTAIN THE QUALIFICATION DURING THE PROBATIONARY PERIOD.

5. Health and Character.

Successful candidates must satisfy the Commissioners as to their health and character.

6. Competition.

Those candidates who on the evidence of their Application Forms, and any further information which the Commissioners think necessary to obtain, are found to be prima facie eligible, will be summoned to a Selection Board, except that the Commissioners may, if they see fit, summon only those candidates who by reason of their experience and qualifications, appear to be most suitable for appointment. The Selection Board will take into consideration the candidates' record of experience and training, any recommendation from persons named by the candidates as having direct knowledge of their work in the past, and the personal qualities of the candidates as shown at the interview; and on their estimate of all the above facts they will frame their recommendations. The decision of the Commissioners will be final.

7. Candidates trained as Teachers.

Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate central education authority (e.g. the Ministry of Education, the Scottish Education Department, the Ministry of Education for Northern Ireland) has been notified to the Commissioners.

8. Canvassing.

Any attempt on the part of candidates to enlist support for their application through Members of Parliament or other influential persons, except as referees to be named in their Application Forms, will disqualify them for appointment.

9. Fee.

A successful candidate will be required to pay a fee of £1 10s. before the issue of a Certificate of Qualification for appointment.

Civil Service Commission, 26th October, 1951.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of H.M. Treasury, viz.:—

RECRUITMENT OF H.M. INSPECTORS OF FACTORIES (CLASS II), MINISTRY OF LABOUR AND NATIONAL SERVICE.

1. (i) Both men and women may compete under these Regulations.

(ii) Married women who have formerly been established civil servants and drawn marriage gratuity (other than those who resigned compulsorily on marriage and whose resignation took effect before 15th October, 1946, or who are widows or divorced, or who are separated from their husbands, or whose husbands suffer without hope of recovery from total physical or mental incapacity) will not be eligible unless they undertake to refund on appointment the marriage gratuity paid.

2. Candidates must be at least 21 and under 30 years of age on the 1st July, 1951. But

(a) a candidate who has served or is serving on a regular (including a regular short-service) engagement in H.M. Forces may deduct the period of such service from his actual age;

(b) older candidates having exceptionally suitable qualifications may be considered if they were under 34 years of age on the 1st July, 1951.

3. Candidates must be British subjects. They must also satisfy one of the following conditions:—

(a) If natural-born British subjects, they must either

(i) have at least one parent who is or was at death a British subject; or

(ii) have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(b) If naturalised British subjects, they must have resided in His Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(c) If not qualified under (a) or (b) of this paragraph they must satisfy the Commissioners that they are so closely connected with His Majesty's dominions either by ancestry, upbringing, or residence, or by reason of national service, that an exception may properly be made in their favour.

4. Candidates must satisfy the Civil Service Commissioners that they have such experience and have received such systematic education, general or technical, or general and technical together, as in the opinion of the Commissioners fits them for the post. In general candidates must be university graduates. In the absence of a university degree, candidates must have comparable technical qualifications in engineering or science, but the Commissioners may dispense with this requirement in the case of a candidate who appears to them to be exceptionally well fitted by reason of considerable works or other special practical experience.

5. Those candidates who appear from their application forms to have the best qualifications will be invited to appear before a Selection Board in London which will recommend to the Commissioners for appointment the candidates who appear to be most suitable. The Board will take into consideration the candidates' record of education and experience, any recommendation that they may receive from persons named by the candidates as having direct knowledge of their work in the past, and the personal qualities of the candidates as shown at the interview, and on their estimation of the above evidence they will frame their recommendations. The decision of the Commissioners will be final.

6. Successful candidates must satisfy the Civil Service Commissioners as to their health and character.

7. Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate central education authority (e.g., the Ministry of Education, the Scottish Education Department, the Ministry of Education for Northern Ireland) has been notified to the Commissioners.

8. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons (except as referees to be named by them in their application form) will disqualify them for appointment. The Selection Board will disregard recommendations from persons who are not personally acquainted with the candidate's work.

9. A successful candidate will be required to pay a fee of £1 10s. before the issue of a certificate of qualification for appointment.
