The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of H.M. Treasury, viz. :—

#### REGULATIONS FOR RECRUITMENT TO BASIC GRADES OF MECHANICAL AND ELECTRICAL ENGINEERS, GENERAL SERVICE CLASS AND DEPARTMENTAL VARIANT CLASSES.

##### 1. Age.

(i) For General Service Class posts. Candidates must be at least 25 and under 35 years of age on 1st January, 1955, i.e., they must have been born on or after 2nd January, 1920, and on or before 1st January, 1930.

(ii) For the Post Office Departmental posts. Candidates must be at least 21 and under 35 years of age on 1st January, 1955, i.e., they must have been born on or after 2nd January, 1920, and on or before 1st January, 1934.

(iii) For the Ministry of Supply and Ministry of Transport and Civil Aviation (Civil Aviation Organisation) Departmental posts. Candidates must be at least 23 and under 35 years of age on 1st January, 1955, i.e., they must have been born on or after 2nd January, 1920, and on or before 1st January, 1932.

But for all posts

(1) a candidate who has served or is serving on a regular (including a regular short-service) engagement in H.M. Forces may deduct from his actual age the period of such service rendered before 1st January, 1955;

(2) candidates who have served in any established post to which they were admitted with the Certificate of the Civil Service Commissioners, or who have served on established conditions except for sick leave and pension in a post to which such a certificate would normally apply, may deduct from their actual age any time not exceeding two years which they have spent in such service before 1st January, 1955.

##### 2. Sex and Marriage.

(i) Both men and women may compete under these regulations except that women will not be eligible for appointments under the Admiralty, the Air Ministry, or the Post Office.

(ii) Married women who have formerly been established civil servants and have drawn marriage gratuity (other than those who resigned compulsorily on marriage and whose resignation took effect before 15th October, 1946, or who are widows or divorced, or who are separated from their husbands, or whose husbands suffer without hope of recovery from total physical or mental incapacity) will not be eligible unless they undertake to refund on appointment the marriage gratuity paid. Provided that this undertaking will not be required if the break between the first period of service (including any period of unestablished service immediately following the period in respect of which the gratuity was paid) and the date of re-establishment is more than seven years.

##### 3. Nationality.

Candidates must be British subjects. They must also satisfy one of the following conditions:—

(a) If natural-born British subjects, they must either

(i) have at least one parent who is, or was at death, a British subject; or

(ii) have resided in Her Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(b) If naturalised British subjects, they must have resided in Her Majesty's dominions and/or been employed elsewhere in the service of the Crown for at least five years out of the last eight years preceding the date of their appointment.

(c) If not qualified under (a) or (b) of this paragraph, they must satisfy the Commissioners that they are so closely connected with Her Majesty's dominions either by ancestry, upbringing or residence, or by reason of national service, that an exception may properly be made in their favour.

Provided that a candidate will not be eligible for an appointment under the Admiralty, Air Ministry, Government Communications Headquarters, or Ministry of Supply unless he or she is a natural-born British subject and born within the United Kingdom or in one of the self-governing Dominions, or parents also born within the United Kingdom or in one of the self-governing Dominions, except when the circumstances are such as to justify a departure from the general rule, in which case, provided the candidate satisfies the conditions prescribed by the preceding paragraphs, he or she may be admitted to appointment or competition by special permission of the First Lord of the Admiralty, Secretary of State for Air, Secretary of State for Foreign Affairs, or Minister of Supply, as the case may be.

##### 4. Qualifications.

*A candidate who is taking before the closing date for applications an examination necessary to qualify for admission to the competition will be admitted before the result of his examination is known. But he will not be declared successful unless on the result of the examination he obtains the requisite qualification.*

##### (A) GENERAL SERVICE CLASS POSTS.

(i) Every candidate must hold either

(a) Corporate Membership of the Institution of Civil Engineers, or the Institution of Mechanical Engineers, or the Institution of Electrical Engineers; or

(b) a University Engineering degree, or other examination passes required by any of the above institutions for exemption from Sections A and B of their examination for Associate Membership; or have passed Sections A and B of their examination for Associate Membership; but candidates admitted under this sub-section cannot be confirmed in their appointment unless they obtain the qualification in sub-section (a) above within their probation period. *Exceptionally*, however, where a candidate is prevented by circumstances outside his control, from obtaining the further qualification, appointment may be confirmed with the concurrence of the Treasury and the Civil Service Commissioners, provided that there is satisfactory evidence that the qualification is likely to be obtained within a reasonable time; *provided that exceptionally*

(c) the Commissioners may, at their discretion, admit candidates who can furnish evidence of very high professional attainment.

(ii) In addition candidates must produce evidence that both the examination subjects included in their qualifications (*see* Regulation 4 (A) (i) (a) and (b)) and their practical experience are appropriate to the particular requirements specified below.

#### Admiralty.

Candidates must have been employed for a minimum of two years with a well-established engineering concern of sufficient size and scope for them to have gained experience in a post of some responsibility on mechanical and/or electrical engineering work after full indentured apprenticeship or after graduation and general practical training.

#### Air Ministry.

Candidates must:—

I. (a) be holders of a university degree in electrical and/or mechanical engineering, and have served at least two years' apprenticeship; or

(b) be graduates of the Institution of Electrical Engineers, or hold an equivalent diploma in electrical engineering, and have served at least three years' apprenticeship; or

(c) be graduates of the Institution of Mechanical Engineers, or hold an equivalent diploma in mechanical engineering with appreciable electrical engineering experience and have served at least a three-year apprenticeship.

II. Have been employed for a minimum of two years with a well-established engineering concern of sufficient size and scope for them to have gained experience in both mechanical and electrical engineering.

#### Ministry of Transport and Civil Aviation (Highways Engineering Organisation).

For Civil Aviation Organisation *see* sub-paragraph B headed "Departmental Variant Classes".

Candidates for mechanical posts must have completed a recognised course of theoretical training in mechanical and automobile engineering and have had experience of road vehicle design and construction. For electrical posts they must be experienced in the preparation of specifications and in investigating the performance of electrical equipment and must have a knowledge of testing in relation to electrical work.

#### War Department.

Candidates must possess at least the minimum qualifications prescribed in Regulation 4 (A) (i) in either mechanical or electrical engineering.

They must have served an apprenticeship of two years or have engaged in work acceptable as the equivalent with recognised engineering bodies. In addition to having specialised and practical knowledge of a particular branch of engineering, candidates must have a basic all round knowledge of both mechanical and electrical engineering.

#### Ministry of Works.

Candidates will be required to furnish evidence of their apprenticeship and subsequent experience which should have afforded a good general training in mechanical or electrical engineering, capable of subsequent development to cover a wide field of responsibility.

Some experience in, or training relating to at least one, of the following branches will be essential:—

Design and execution of engineering installations for office buildings, factories or hospitals, including heating, ventilation, air conditioning, electric wiring, illumination and lifts.

Design and installation of mechanical plant such as steam boilers, pressure vessels, pumps, water treatment, refrigeration, chemical processes, air compressors and air, hydraulic or steam pipelines, I.C. engines.

#### (B) DEPARTMENTAL VARIANT CLASSES.

##### (a) Post Office.

Candidates must normally possess an Honours degree in Mechanical or Electrical Engineering or Physics, but exceptionally the Commissioners may accept any other candidate qualified under Regulation 4 (A) (i) on page 2.

##### (b) Ministry of Supply.

The paper qualifications required are the same as for the General Service competition (*see* Regulation 4 (A) (i) (a), (b) and (c) on pages 2 and 3), except that Associate Fellowship of the Royal Aeronautical Society will be accepted as an alternative to Corporate Membership of one of the Institutions named in Regulation 4 (A) (i), (a), and, similarly, equivalent qualification to Sections A and B of the Society's examination for Associate Fellowship will be accepted as an alternative to the qualifications in Regulation 4 (A) (i) (b). In addition, candidates must have received a full and proper training as an engineer and will be required to state on their application forms the nature of any particular engineering experience they have gained. Training must normally include an engineering apprenticeship or pupillage including a minimum period of two years in the workshops of an establishment of good standing, but full apprenticeship will not be insisted upon where a candidate already holds Corporate Membership of one of the approved Institutions or Associate Fellowship of the Royal Aeronautical Society.

##### (c) Ministry of Transport and Civil Aviation (Civil Aviation Organisation).

Candidates must:—

(i) be Corporate Members of the Institution of Electrical Engineers, or be Associate Fellows of the Royal Aeronautical Society; or

(ii) have passed Sections A and B of the Associate Membership Examination of the Institution of Electrical Engineers, or hold an educational qualification recognised by that Institution as giving exemption from examination in those Sections; but candidates admitted under this sub-section cannot be confirmed in their appointment unless they obtain the qualification in sub-section (i) above within their probation period. (Exception may be made in special circumstances provided for in Regulation 4 (A) (i) on pages 2 and 3); or

(iii) hold a first or second class Honours degree in Physics or Engineering.

It is provided, however, that the Commissioners may at their discretion admit, exceptionally, candidates who furnish evidence of high professional attainment.

In addition all candidates must produce evidence that both the examination subjects included in their qualifications and their practical experience justify their employment on civil aviation telecommunications duties.

##### 5. Health and Character.

Successful candidates must satisfy the Commissioners as to their health and character.

##### 6. Application.

Only one application may be made under these Regulations. Application must be made on the appropriate form within the time and in the manner of which notice is given by the Commissioners.

##### 7. Competition.

Those candidates who on the evidence of their application forms, and any further information which the Commissioners think necessary to obtain, are found to be *prima facie* eligible, will be summoned to a Selection Board. The Commissioners may, if they see fit, summon only those candidates who by reason of their experience and qualifications appear to be most suitable for appointment. The same Selection Board may consider a candidate at one interview for one or more of the classes. The Selection Boards will take into consideration the candidates' record of experience and training, any recommendation from persons named by the candidates as having direct knowledge of their work in the past, and the personal qualities of the candidates as shown at the interview; and on their estimate of all the above facts they will frame their recommendations. The decisions of the Commissioners will be final.

##### 8. Candidates Trained as Teachers.

Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate education authority (e.g., the Ministry of Education, the Scottish Education Department, the Ministry of Education for Northern Ireland) has been notified to the Commissioners.

##### 9. Assignment.

The Commissioners will decide to which Department each successful candidate is to be assigned. Assignment will be made in accordance with the

needs of the public service but the wishes of candidates will, where possible, be respected.

10. *Canvassing.*

Any attempt on the part of candidates to enlist support for their application through Members of Parliament or other influential persons, except as referees to be named in their application forms, will disqualify them for appointment.

11. *Fee.*

A successful candidate will be required to pay a fee of £4 before the issue of a Certificate of Qualification for appointment.
