MINISTRY OF POWER

Thames House South,
Millbank, London S.W.1.

14th December 1959.

THE MINES AND QUARRIES ACT, 1954

The Coal and Other Mines (Shafts, Outlets and Roads) Regulations, 1960

The Minister of Power in accordance with the provisions of section 142 of, and Part I of the Second Schedule to, the above Act, hereby gives notice that he proposes to make General Regulations under sections 141 and 143 of the Act, entitled the Coal and Other Mines (Shafts, Outlets and Roads) Regulations, 1960.

These Regulations will apply to mines of coal, stratified ironstone, shale and fireclay and replace, with amendments, the Coal and Other Mines (Shafts, Outlets and Roads) Regulations, 1956.

The main features of the amendments which have been made to the provisions of the 1956 Regulations are as follows:

- (a) the introduction of new requirements governing signalling systems on conveyor roads, in unwalkable outlets, and in staple pits; these new requirements are necessary, because present requirements only deal adequately with shafts and with haulage roads;

- (b) a revision of the requirements relating to heat treatment of cage suspension gear, so as to adapt them more suitably to the type of manganese steel which has been used in recent years; and
- (c) a number of minor changes, mainly designed to clarify the application to staple pits and/or unwalkable outlets of various requirements which have previously applied to shafts.

Copies of the draft Regulations may be purchased (price 10d.) from H.M. Stationery Office at any of the addresses shown on the last page of this Gazette. Any objection with respect to the draft Regulations must be made in writing to the Minister of Power, Thames House South, Millbank, London S.W.1 before 13th January 1960 and must state:

- (a) The specific grounds of objection; and
- (b) the omissions, additions or modifications asked for.
