#### WHITEFIELD URBAN DISTRICT COUNCIL

##### *The Whitefield Urban District Council Smoke Control Order, No. 5b.*

Notice is hereby given that the Whitefield Urban District Council in exercise of the powers conferred on them by section 11 of the Clean Air Act, 1956, on the 2nd day of March 1965, made an Order entitled The Whitefield Urban District Council Smoke Control Order, No. 5b, declaring the area described in the Schedule hereto to be a smoke control area, which Order is about to be submitted to the Minister of Housing and Local Government for confirmation.

Subject to the limitations and exemptions provided by the Order and by virtue of section 11(4) of the Act if, on any day after the Order has come into operation, smoke is emitted from a chimney of any building within the smoke control area the occupier of that building shall be guilty of an offence and liable to a fine not exceeding £10 unless he proves that the emission of smoke was not caused by the use of any fuel other than an authorised fuel. The authorised fuels include anthracite, coke and other carbonised fuels, gas and electricity.

The said Council has designated the following class of heating appliance for the purpose of section 95 (2) of the Housing Act, 1964, as being in the Council's opinion unsuitable for installation in the area of the Whitefield Urban District Council Smoke Control Order, No. 5b, as tending, by reason of its consumption of fuel to impose undue strain on the fuel resources available for the said area, namely, all appliances designed to burn coke or anthracite unless they are designed and installed with adequate draught and other arrangements to burn all types (but not every size) of coke and anthracite which are capable of being burned in a domestic heating or cooking appliance. The Minister of Housing and Local Government has designated the following class of heating appliance for the purpose of section 95 (3) of the Housing Act, 1964, as being in his opinion generally unsuitable for installation in smoke control areas in England and Wales as tending, by reason of its consumption of electricity at times when it is generally used, to impose undue strain on the fuel resources available, namely, all electrically operated space-heating appliances with the exception of appliances which operate or mainly operate by storing heat in material which is either incorporated in the appliance or which forms part of the structure in which the appliance is used and in either case where the appliance takes its current for heating purposes wholly from a circuit designed to operate at off-peak electricity tariff. The effect of these designations is not to prohibit the installation of improved open fire-grates and/or direct acting electric space-heaters but to exclude the cost of their installation from expenditure attracting grant under the Clean Air Act, 1956.

If confirmed, the Order will not come into operation before 1st November 1965, or before a later date determined by the Minister of Housing and Local Government.

Copies of the Order and of the map referred to therein may be inspected free of charge at the Town

Hall, Whitefield, at all reasonable times during the period of six weeks from the 19th day of March 1965.

Within the said period any person who will be affected by the Order may by notice in writing to The Secretary, Ministry of Housing and Local Government, Whitehall, London S.W.1, object to the confirmation of the Order.
