CENTRAL CHANCERY OF THE ORDERS OF KNIGHTHOOD

St. James's Palace, London S.W.1.
9th April 1965.

The QUEEN has been graciously pleased, on the advice of Her Majesty's Canadian Ministers, to approve the award of the British Empire Medal for Gallantry (Military Division) to the undermentioned:

Able Seaman Donald Victor PATTERSON, 48554-H, Royal Canadian Navy.

On the occasion of the rescue on 1st March 1964 of thirty-five crew members of S.S. Amphialos from their sinking ship by H.M.C.S. Athabaskan, Able Seaman Patterson in his capacity as a ship's diver, dived overboard to the aid of a survivor in the water about 70 feet from the ship, and by his efforts, was largely responsible for bringing the man safely aboard. The survivor had been floating in his life-jacket in heavy and oil-infested seas and by the time Patterson reached him was thoroughly exhausted, covered with oil, and helpless. The seas at the time were running from 10 to 14 feet. A short time later Able Seaman Patterson, despite the difficult sea conditions and oil, was again in the water for approximately 25 minutes attempting to guide a life-raft down to the wreck. Throughout the whole of the rescue operation this man displayed personal courage and skill of a high order.

SALFORD CITY COUNCIL

The City of Salford No. 11 (Marlborough Road) Smoke Control Order, 1965

Notice is hereby given that the Mayor Alderman and citizens of the City of Salford in exercise of the powers conferred upon them by section 11 of the Clean Air Act, 1956, on the 3rd day of March 1965, made an Order entitled "The City of Salford No. 11 (Marlborough Road) Smoke Control Order, 1965", declaring the area described in the schedule hereto to be a smoke control area, which Order is about to be submitted to the Minister of Housing and Local Government for confirmation.

Subject to the exemptions provided by the Order and by virtue of section 11 (4) of the Act, if, on any day after the Order has come into operation, smoke is emitted from a chimney of any building within the smoke control area, the occupier of that building shall be guilty of an offence and liable

to a fine not exceeding £10 unless he proves that the emission of smoke was not caused by the use of any fuel other than authorised fuel. The authorised fuels include anthracite, coke and other carbonised fuels, gas and electricity.

If confirmed, the Order will not come into operation before the first day of November 1965, or before a later date determined by the Minister of Housing and Local Government.

Copies of the Order and of the map referred to therein may be inspected free of charge at the Town Clerk's Office, Town Hall, Salford 3, at all reasonable times during the period of 6 weeks from the 9th day of April 1965.

Within the said period, any person who will be affected by the Order may, by notice in writing to the Secretary, Ministry of Housing and Local Government, Whitehall, London S.W.1, object to the confirmation of the Order.

The City Council, following the making of the above Order, have, under the provisions of section 95 (2) of the Housing Act, 1964, designated open grates capable of burning only open grate fuels, as unsuitable for installation in premises affected by the above Order, as tending to impose undue strain on the fuel resources available in the area. The Minister of Housing and Local Government has also designated as unsuitable all electrically operated space heating appliances with the exception of appliances which operate or mainly operate by storing heat in material which is either incorporated in the appliance or which forms part of the structure in which the appliance is used, and, in either case, where the appliance takes its current for heating purposes wholly from a circuit designed to operate at an off-peak electricity tariff. The effect of designation is that the installation of an appliance of a designated class ceases to attract grant, although owners or occupiers remain at liberty to install a designated appliance at their own expense.
