

1952

The first part of the book is devoted to a study of the history of the English language, from its roots in Old English to its development in the modern period. The author discusses the influence of various languages, particularly French and Latin, and the role of the Great Vowel Shift in the evolution of the language.

The second part of the book is a study of the English language in the United States, from its early use by immigrants to its development as a distinct American dialect. The author discusses the influence of various regional dialects and the role of the media in the spread of American English.

The third part of the book is a study of the English language in the British Empire, from its early use by colonial administrators to its development as a global lingua franca. The author discusses the influence of various regional dialects and the role of the media in the spread of British English.
