It has by that Decision inpon the Eattalions of Pchlabrendorf and Cornow The point he Battaions of Pennaorendor and Contow March out of Italy, and it is faid there are not two so weak left behind. Most of the private Men will be put to other Bodies which are to remain in that Service. The Coathing and Baggage for all the Troops his Marky has in Italy, are to be convoyed thither by these Regiments and the Recruits; but it being hardly practidie for Wheel-carriages to pass through the Country of the Grisons. This Court has made application to that of Vinna for a Rout through Bavaria and Tirol: The Troops which return from Italy are under the same necessity of mirching that way, having ten Pieces of Cannon and wo Mortars, which according to the Treaty with his Koyal Highness of Savoy, are delivered to the King's Offiand are to be guarded hither at the Return of the Deachment now to be reliev'd. This Court has figurend to the Diet of Ratisbon, that in case they will homote the calling a Diet of lower Saxony, his Ma-ly and all other Princes of that Circle will fend their Ontingent to a Man, as punctually as the Circle of Westmalia do at present, which Circle is gratify'd in this Partrular, of having a Diet sit within its own Territories. the King has inform'd his Electoral Highness of Hanothis that his Majesty's Share of the 300000 Crowns is of the 100000 Crowns is of the Service on the upper-Rhine, hall be immediately paid. Some Letters from France have den lately intercepted, which give Grounds for Suspicith of a fecret Correspondence with that Court: And his Place under pretence of belonging to the King of weden or King Stanislaus, it has been thought fit to extione more particularly into Persons and Circumstances than heretosore. One Monsieur Devaux, who has resided the for some Years, and upon his first Arrival pretended to have left France on account of a Duel, has been taken to me Sufficient has her his Particular to the hard the state of the mind having nothing in em but of an indifferent na-ture the Gentleman was diffinited with an Apology made to him by the Felt-Marshal, for the necessity, in Affairs of that kind, of sometimes incommoding the innocent to find out the guilty.

Berne, Febr. 25 N. S. This Canton has writ circular Letters to all the others, about the Alterations which they think necessary to be made in the Project of Neutrality for Neufchatel, wherein they fet forth the Reasons upon which they ground their Demand, and defire that all the Cantons would instruct the Departes whom they shall fend to the next Diet to concur with them in those This Canton has likewife writ to the French Ambassador upon the same Subject, who yesterday seint them an Answer, wherein he tells them, That he had transmitted to Court their Project as it was delivered to him by the Deputies, before this Canton thought fit to demand that those Alterations might be made; that he would likewise inform his Master of these Changes, but that he believ'd neither he nor the Catholick Cantons would agree to them, especially to that Article wherein they infift that Neufchatel should be accknowleg'd to be Part of Swifferland. There are to many Difficulties arise in adjusting a further Treaty upon this Affair, that it is believ'd the Cantons will content themselves with a publick Declaration from the French King and the King of Prussia, wherein each shall promise to forbear all Acts of Hostility between Franche Compté and Neufchatel during the present War, of which Declarations the Cantons may be mutual Guarantées.
