DEPARTMENT OF ECONOMIC AFFAIRS

PRICES AND INCOMES ACT 1966

REFERENCE TO THE NATIONAL BOARD FOR PRICES AND
INCOMES UNDER SECTION 2

Bank Charges

The published profits of the London clearing banks and the Scottish banks and the dividends paid to their shareholders have in most cases increased substantially over recent years. Bank profits are based in part on the general level of interest rates (and particularly Bank rate) and in part on charges made to customers for services. In view of the important role which these banks play in the economic life of the country, it is, in the Government's view, desirable in the public interest that the system and level of charging customers should be reviewed by the National Board for Prices and Incomes in the light of the banks' profit and dividend record. It is not intended that the Board should concern itself with questions of monetary policy such as Bank rate and the general level of interest rates.

2. The Government referred the question of the system and level of charging customers of the London clearing banks and of the Scottish banks to the National Board for Prices and Incomes for examination on 22nd June 1966 under the terms of the Royal Warrant constituting the Board as a Royal Commission. Subsequently on 2nd September 1966, in agreement with the Government of Northern Ireland, they asked the Board to extend their examination of the question to the Northern Ireland banks.

3. Since the date of the original reference the Board has been reconstituted under Section 1 of

the Prices and Incomes Act 1966. In order to enable the Board to make its report on this reference in its capacity as a statutory body, the First Secretary of State and the Chancellor of the Exchequer, acting jointly in pursuance of their powers under Section 2 of the 1966 Act, hereby refer to the National Board for Prices and Incomes for examination the questions relating to the system and level of bank charges which arise out of the matters referred to above.

2nd November 1966.
