Dengey Internal Drainage District

Notice is hereby given that the Minister of Agriculture, Fisheries and Food has now confirmed the Essex River Authority (Alteration of Boundaries of the Dengey Internal Drainage District) Order 1966 (S.I. 1967/6) made on the 25th July 1966 confirming the Scheme submitted by the Essex River Authority under section 4 (1) (b) of the Land Drainage Act 1930 making provision for the alteration of the boundaries of the Dengey Internal Drainage District.

A copy of the Order may be seen during normal office hours at the office of the Clerk of the Essex River Authority, Rivers House, Springfield Road, Chelmsford and at the offices of the Ministry of Agriculture, Fisheries and Food, Great Westminster House, Horseferry Road, London S.W.1.

By Part III of the Second Schedule to the Land Drainage Act 1930, it is provided that if any person aggrieved by an Order desires to question its validity on the ground that it is not within the powers of the Act or that any requirement of the Act has not been complied with, he may, within six weeks after the publication of this notice, make an application for the purpose to the High Court, and if any such application is duly made, the Court, if satisfied that

PERFORMING RIGHT TRIBUNAL

Chancery House,
53-64 Chancery Lane,
London W.C.2.

COPYRIGHT ACT, 1956

Notice is hereby given, pursuant to rule 5 of the Performing Right Tribunal Rules, 1965, of an application to the Tribunal under section 27 of the Copyright Act, 1956, by the British Broadcasting Corporation, of Broadcasting House, Portland Place, London W.1 (hereinafter called "the originator"). A copy of the application has been served on the Performing Right Society, Limited, of 29-33, Berners

Street, London W.1 (hereinafter called "the licensing body"). For the purpose of calculating the period of 42 days referred to in rule 9 of the Rules, such service is deemed to have been effected on the 5th January 1967.

The application concerns a dispute as regards the terms and conditions under which the licensing body is prepared to renew an earlier licence to the originator to broadcast, from sound broadcasting stations or as part of a television programme, copyright music controlled by the licensing body.

The originator objects to the increase in the royalty rate proposed by the licensing body. The proposed increase has been computed in relation to the current level of the cost of living and to the number of hours in which music controlled by the licensing body is broadcast by the originator. The notional figure reached in the light of these factors is then multiplied by the total number of sound and television receiving licences currently in existence, to give an overall royalty charge. The originator contends that, in fixing the royalty and other conditions, account should be taken of the reduction in the size of B.B.C. audiences which is alleged to have occurred in recent years as the result of the coming into existence of competing television and broadcasting services, and that the current number of receiving licences no longer forms an accurate indication of the size of such audiences.

Any organisation or person wishing to object to the credentials of the originator, or to be made a party to the proceedings, must make application for the purpose in the manner prescribed by the Performing Right Tribunal Rules, 1965, not later than the 10th February 1967.

H. W. Clarke, Secretary.
