HIGHWAYS ACTS 1959 TO 1971

Publication of Route for M63 Stockport East-West By Pass (Stage 2) being considered

The Secretary of State for the Environment is considering publishing in the near future for public comment or objection draft proposals under the Highway Acts for Stage 2 of the M63 Stockport East-West By Pass Motorway. The route being considered for publication would follow the line shown on the Stockport Town Map approved in 1972, and would run for about 0.6 miles from a temporary roundabout junction with Great Egerton Street (A560), east of where Great Egerton Street crosses under Wellington Road North (A6), to Marsland Street in Portwood. From Marsland Street the M63 route would be continued eastwards by the Bredbury By Pass.

The Secretary of State has considered the possibility of applying to Stage 2 of the Stockport East-West By Pass the new arrangements for increased public participation in road planning which he announced in July of this year. This would involve issuing details of possible alternative routes for the public to express views on the most acceptable solution. However he considers that the route to be published is in fact the only practical position for a new road to relieve the existing A560. He has considered whether the improvement of the existing A560 would be a viable alternative to building a new road but has decided that this would be impractical because of the densely developed urban character of the area through which the existing road passes.

Unless the public response reveals that there are in fact practicable alternatives on which there should be an opportunity to express views before the choice of route to be published is made, the Secretary of State does not propose to apply public participation procedures to this Scheme. There will however be full provision for public comment on, or objection to, any proposals published under the Highways Acts with a Public Inquiry if necessary. When the draft proposals are published all people with property affected by them or within a distance of 100 metres from the limits of the motorway and side road works would be individually notified.

Anyone who considers that there is in fact a practicable alternative to the route described above should write to

the Director, North Western Road Construction Unit, Crystal House, Birley Street, Preston, before 28th January 1974 giving a brief description of the suggested alternative to enable it to be identified.

Further information about the route being considered for publication can be obtained at all reasonable hours at the Department of the Environment, 2 Marsham Street, Westminster, London S.W.1; the North Western Road Construction Unit; the offices of the Regional Controller, North Western Regional Office (Roads and Transportation) Sunley Building, Piccadilly Plaza, Manchester; the Town Hall, Stockport; and at all public libraries in Stockport.

D. W. *Hurtley*, Principal North Western Road Construction Unit, Department of the Environment.
