

Secretary of State, Department of the Environment, Caxton House, Tothill Street, London S.W.1, before the 22nd November 1974.

The Secretary of State is not, in all cases, required to arrange for objections to be heard by a person appointed by him for that purpose. It is important, therefore, that an objection should include a full statement in writing of the grounds on which the objection is made as the objector may have no further opportunity to make such a statement.

Any owner or occupier of any land to which the Order relates may send to the Corporation at the address below a request in writing to serve him with a notice that the Order has been confirmed, and naming a place where a copy of the Order and of the map and of any descriptive matter annexed thereto may be seen. Such request should contain a statement of the name, postal address, and the interest in the land of the owner or occupier, and particulars sufficient to enable the extent and boundaries of the land to be identified.
