The following notice is in substitution for that which appeared on page 5537 of the London Gazette dated 26th April 1979.

NOTICE OF APPLICATION FOR LICENCE TO OBSTRUCT OR IMPEDE THE FLOW OF AN INLAND WATER BY MEANS OF IMPOUNDING WORKS.

Notice is hereby given that an application is being made to the North West Water Authority by British Nuclear Fuels Limited for a licence to obstruct or impede the flow of Wastwater Lake by means of a weir of up to 3 feet 4 inches above natural bar level associated with raising the average lake level of 200 AOD up to 202 AOD at about NGR 144038 on OS Sheet NY10 as shown on the plan to accompany the application.

The object of impounding water by means of the works is the provision of additional reservoir capacity in association with the application to vary abstraction licence serial number 27/74C/7/L/11, submitted to the North West Water Authority by British Nuclear Fuels Limited and dated 11th April 1979.

The capacity of the reservoir at overflow level will be increased by approximately 650 million gallons above bar level.

This application will be submitted in order to allow for consideration of various methods that would provide the quantity of water sought by BNFL—impounding by the construction of a weir up to 3 feet 4 inches above natural bar level, drawing down the level of the lake, or a combination thereof. The applicant is prepared to implement whichever method meets the public interest.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at Santon Bridge Post Office, Bridge Cumbria, at all usual opening hours of the Santon Bridge Post Office and Whitehaven Central Library, Lowther Street, Whitehaven, Cumbria at all reasonable hours during the period beginning on 26th April 1979 and ending on 25th May 1979.

Any person who wishes to make representations about the application should do so in writing to the Manager, Rivers Division of the North West Water Authority at PO Box 12, New Town House, Buttermarket Street, Warrington, Cheshire before the end of the said period.

H. Bolter, Company Secretary, on behalf of British Nuclear Fuels Limited.
