PRIVY COUNCIL OFFICE

At the Court at

Buckingham Palace the 28th day of July 1980

Present,

The QUEEN'S Most Excellent Majesty in Council

Whereas an Order in Council dated the 1st day of December 1955 sanctioned the institution of honorary rank so that officers who have served in the Royal Navy or Royal Marines in an acting rank for a minimum period of two years immediately before retirement should be permitted to use the title of the higher rank after their retirement:

And whereas it is considered desirable that the existing provisions as to honorary rank should be revised so that a commissioned officer in the Royal Navy, the Royal Marines, Queen Alexandra's Royal Naval Nursing Service and the Women's Royal Naval Service who retires on or after the 1st day of April 1980 should be permitted to use the title of the highest acting rank which he or she held, provided that such acting higher rank was held for an aggregate period of two years, or such shorter period as the Defence Council may in any individual case and by reason of special circumstances otherwise determine, and provided further that the officer concerned has given satisfactory service in such acting higher rank and subsequently:

Now, therefore, Her Majesty is pleased, by and with the advice of Her Privy Council, to order, and it is hereby ordered, as follows:

The conditions for the grant of honorary rank on retirement, as detailed here, shall be substituted for those contained in the Order in Council dated the 1st day of December 1955.

DEPARTMENT OF ENERGY

PETROLEUM (PRODUCTION) REGULATIONS 1976 (SI 1976 No. 1129) AS AMENDED

The Secretary of State for Energy, with the consent of the Treasury, has determined that, until further notice, the consideration required in respect of (i) petroleum Exploration Licences for landward areas above the low water mark and (ii) petroleum Production Licences for landward areas (as defined in Regulation 3 (1) (a) of the above-mentioned Regulations), granted in pursuance of applications made on and after 6th August shall be as follows:

(i) Exploration Licences:

- upon the grant of the licence, the sum of six pounds for each square kilometre comprised in the exploration area;
- upon the first and each subsequent anniversary of the grant of the licence, the sum of £6 for each square kilometre comprised in the exploration area.

(ii) Production Licences:

- in respect of the initial term of 4 years of the licence, for each square kilometre and pro rata for each part square kilometre comprised in the licensed area, a non-recurrent fee, payable upon the grant of the licence, of forty pounds;
- on the exercise of the option contained in model clause 3 of Schedule 4 to the above-mentioned Regulations to continue the licence for a further period, in respect of each year after the expiry of the initial term for each square kilometre and pro rata for each part square kilometre comprised in the continuing part of the licensed area, sums as prescribed in the following table:

Continuing term of the licence	Payment in Pounds
1st year	90
2nd year	180
3rd year	270
4th year	390
5th year	510
6th year	630
7th year	750
8th year	900
9th year	1,050
10th and each subsequent year until final determination of the licence	1,200

- in respect of each chargeable period a royalty, either in kind or by value, equal to the sum of the following amounts:

(i) 5 per cent of the value of all relevant units up to the first 100,000 units won and saved in the year which includes that period;

(ii) 7½ per cent of the value of all further relevant units up to the next fifty thousand units so won and saved;

(iii) ten per cent of the value of all further relevant units up to the next fifty thousand units so won and saved; and

(iv) 12½ per cent of the value of all further relevant units so won and saved.

For the purposes of this notice "relevant unit", "unit", "chargeable period" and "year" shall have ascribed to them the meanings defined in model clause 9 of Schedule 4 to the above-mentioned Regulations.

2. The Secretary of State also gives notice that, as from 6th August 1980, the arrangements for landward petroleum production licensing set out in the notice published on 2nd June 1978 are superseded by the arrangements set out below.

3. Applicants for landward production licences will be judged against the background of the continuing need for expeditious, thorough and efficient exploration to identify landward oil and gas resources, and the following factors will be particularly borne in mind when examining applications:

- exploration already done by, or on behalf of, the applicant which is relevant to the areas applied for;
- technical competence to undertake a programme of exploration and production work;
- capability to produce funds commensurate with work programme obligations in respect of initial exploration and the extent of access to adequate funds in the event of a commercial discovery being made;
- where the applicant already holds or has held any landward or seaward licence or licences, overall performance to date in meeting licence obligations;
- whether the applicant is willing to undertake to ensure that full and fair opportunity is provided to U.K. industry to compete for orders for goods and services;
- the contribution which the applicant has made, or is planning to make, to the economy of the United Kingdom;
- where a body incorporated in a country outside the United Kingdom applies for a licence or holds a controlling interest in the applicant, how far equitable treatment is afforded in such other country.

4. Licences will be granted on the basis that the British National Oil Corporation (B.N.O.C.) will, if the Secretary of State so requires, have the option to take at market price up to 51 per cent. of the petroleum produced in the licensed area, except where B.N.O.C. or the British Gas Corporation holds an equity interest under the licence in which case B.N.O.C.'s option on up to 51 per cent. of the petroleum will relate to each of the relevant Corporation's co-licencee's share of production. The percentage will be calculated after taking into account any petroleum required to be delivered to the Secretary of State as royalty in kind.

5. In all cases where the Secretary of State favourably considers an application, a licence will be offered on condition that the applicant:

- confirms his acceptance of a work programme proposed by the Secretary of State following discussion with the applicant concerned; and
- on the day the licence is granted, enters into an agreement under seal with the Secretary of State and B.N.O.C. providing for B.N.O.C. to take, at market price, petroleum produced from the licensed area.

In regard to (b) the Agreement (excluding the Schedules thereto) will be in the form of Schedule 1 to this notice and will provide that in specified circumstances the Licensee will, if so requested by the Secretary of State:

- execute a Deed of Assignment assigning the licence from the Licensee to the Licensee and B.N.O.C. jointly; and will
- enter into a further Agreement containing provisions under which B.N.O.C. will take the petroleum. An outline of these provisions is set out at Schedule 2 to this notice. The text of the provisions relating to B.N.O.C.'s rights and the limitation of those rights, will be made available on request from the Petroleum Production Division of the Department of Energy, Thames House South, Millbank, London SW1P 4QJ (telephone: 01-211 4229). If B.N.O.C. is a party to the licence from the outset of the licence term,

certain modifications will be necessary to these provisions. Requests should therefore indicate whether the usual, or modified, provisions are required.

6. Where the holder of a landward exploration licence is successful in an application for a production licence for the whole or part of the same area, the latter licence will normally take effect from the surrender of the former, although where, in particular cases, this requirement will give rise to difficulties, the Secretary of State will be prepared to consider, without commitment, alternative arrangements.

7. The model clauses to be incorporated in licences granted in accordance with the arrangements announced in this notice will be those set out in Schedule 4 of the Petroleum (Production) Regulations 1976.

8. Application forms for licences and details of the areas which are already covered by all existing landward petroleum licences may be obtained from the Petroleum Production Division, Department of Energy, Thames House South, Millbank, London SW1P 4QJ (telephone 01-211 4229). (22 SI)

SCHEDULE 2

Outline of the Arrangements and the Provisions, to be Incorporated in Joint Operating Agreements at the Appropriate Time, to Obtain Secure Access for B.N.O.C. to a Share of Any Petroleum Produced under Landward Production Licences.

The licensing arrangements make provision, where required, for B.N.O.C. to have secure access up to 51 per cent. of any petroleum produced under landward production licences. To achieve this, if the Licensee decides to proceed with development, and the Secretary of State so requires, B.N.O.C. is to become a co-licensee and a party to the Joint Operating Agreement (J.O.A.) but with its rights and responsibilities limited to those necessary to this end.

2. B.N.O.C.'s consequent right to acquire petroleum is to be expressed as an option to take up to 51 per cent. of the petroleum produced, the relevant percentage to be calculated after taking into account any petroleum required to be delivered to the Secretary of State as royalty in kind. Where the option is exercised B.N.O.C. is to pay market price for the petroleum it acquires.

3. When B.N.O.C. becomes a party to the J.O.A., the J.O.A. is to be amended to express B.N.O.C.'s right to petroleum and to provide for the exercise of the option. B.N.O.C.'s involvement in J.O.A. matters will be limited solely to those which are necessary for the efficient exercise of its right to petroleum as follows:

- (a) B.N.O.C. will not have any rights in, and will not be involved in, licence operations concerning the exploration for petroleum or the appraisal prior to development of discoveries. B.N.O.C. will not be entitled to receive any information about such operations but is to be provided with information about development or production where such information is necessary in the context of its right to petroleum.
- (b) B.N.O.C. will not be entitled to attend Committee meetings except where, and for such time as, matters relevant to its right to petroleum are being discussed. It will not have a vote on the Committee.
- (c) B.N.O.C. will not contribute to the costs of licence activities and it is to be indemnified against any costs or claims for damages arising from such activities. B.N.O.C. will not, however, be indemnified from appropriate costs or claims relevant to agreed lifting procedures.
- (d) Provision is to be made for B.N.O.C.'s rights to be protected in the event of a change in licensees or the exercise of any legal charge over a licence interest.
- (e) Arrangements are to be incorporated in the J.O.A. for the giving of notice for the exercise of the option, including the duration of the options and amounts, qualities and kinds of petroleum to be acquired by B.N.O.C. The J.O.A. will also define "market price",

establish the arrangements for price negotiations and include provision for recourse to an expert in the event of failure to agree on price.

The J.O.A. will also include provision for the adjustment of payments (where appropriate) following price negotiations or settlement of disputes on "market price".

(f) If arrangements for the lifting, handling and transport of petroleum cannot be finalised at the time development is decided upon, the amendments to the J.O.A. will provide for a definitive agreement to be concluded at the appropriate time in conjunction with B.N.O.C., subject always to such agreement being acceptable to the Secretary of State. It will ensure that to safeguard the efficient exercise of its options, B.N.O.C. is a party to, and is treated at all times on an equal footing with the equity holders on all matters relating to the lifting, handling and transport of petroleum.

4. Further information about the giving of notice, the assessment of market price, and B.N.O.C.'s limited rights to information are set out in the Annex hereto.

5. In cases where there is only one party on the licence and, consequently, no need for a comprehensive J.O.A. to be prepared there shall, nonetheless, be an agreement safeguarding the right to acquire petroleum, as indicated above.

6. The above paragraphs give guidelines for the arrangements to apply where B.N.O.C. is not on the licence from the outset. Where B.N.O.C. is an equity partner, the Corporation will have rights and obligations in common with its partners, save that B.N.O.C.'s partners are to give the Corporation secure access up to 51 per cent. of each partner's share of petroleum produced under the licence. In any case where the British Gas Corporation (B.G.C.) or any of its wholly-owned subsidiaries is a co-licensee, provisions on the lines described in paragraphs 2 and 3 above are to provide that B.N.O.C. will have the right to acquire up to 51 per cent. of the share of petroleum accruing to each of B.G.C.'s partners in the licence.

ANNEX TO SCHEDULE 2

Election Notices, Assessment of Market Price for Petroleum, and B.N.O.C.'s Rights to Information

Election Notices

Election Notices are to be served, in writing, by B.N.O.C. on each of its co-licensees not less than 6 months before the start of the Election Period to which they relate, and are to specify the proportion of each kind of petroleum which is to be taken by B.N.O.C. The Election Period is to be the calendar year, save for the first such period.

Failure by B.N.O.C. to serve an Election Notice shall constitute a waiver of B.N.O.C.'s rights in respect of petroleum produced during the relevant Election Period.

Market Price

2. B.N.O.C. is to pay Market Price for any petroleum that it takes. Market Price means in respect of any grade of Crude Oil (or N.G.L.s) the quarterly price per Barrel at which Crude Oil (or N.G.L.s as appropriate) is being sold for the period in question at arms length in international trade on a term basis. In assessing the Price account shall be taken of sales for the grade in question, other U.K. and U.K.C.S. grades and similar and other grades of Crude Oil (or N.G.L.s as appropriate) from locations other than the U.K. and the U.K.C.S. (due allowance being made for quality and location), taking into account all relevant factors including but not limited to quality, quantity, point and method of delivery and transport and prevailing credit terms.

3. The procedures for establishing Market Price for crude oil shall include the following:
