SUFFOLK COASTAL DISTRICT COUNCIL

TOWN AND COUNTRY PLANNING ACTS 1971-74

Conservation Area for The Maltings, Snape and Tunstall

Notice is hereby given that the Suffolk Coastal District Council as district planning authority have designated the following area as a Conservation Area under Section 277 of the Town and Country Planning Act 1971. Conservation Areas are areas of special architectural or historic interest, the character or appearance of which it is desirable to preserve or enhance:—

Snape Maltings—an area of land comprising approximately 8 hectares lying on either side of the River Alde at Snape Bridge in the Parishes of Tunstall and Snape, all on the east side of the A.1152 main road. The area is centred on the whole of the Snape Maltings industrial, residential and arts complex but includes a stretch of river and banks and other land and buildings considered by the Council to be an integral part of the visual and historic interest of the designated area.

The precise boundary of the above area is defined on a map which may be seen during normal office hours at the address given below. The designation comes into effect on the date of publication of this notice and it will be registered in the Register of Local Land Charges.

Notice is hereby given that the above Acts provide that non-listed buildings and parts of buildings (with certain exceptions) within Conservation Areas may not be demolished without the consent of the local planning authority. An application for consent to the demolition of such a building must be made as a separate application for listed building consent, whether or not it is accompanied by a planning application for redevelopment. The Acts also provide that anyone wishing to cut down, top, lop or uproot any tree (with certain exceptions) within a Conservation Area must give the District Council six weeks' notice of his intention. A notice under this Section must state the work proposed and must give sufficient particulars to identify the tree concerned.

Planning applications involving development which is considered to affect the character or appearance of a Conservation Area will be advertised by the local planning authority for public comment. Applications for the erection of buildings will not normally be accepted in outline form by the authority, who will seek to ensure that all alterations, redevelopment or new development are of a high architectural standard and enhance the character of the designated area. In addition,

statutory undertakers are asked to pay special attention to the character and appearance of the area in the provision and maintenance of their respective services.
