The Secretary of State, in exercise of his powers under section 11 (1) (a) of the Competition Act 1980, hereby refers to the Monopolies and Mergers Commission the questions set out below relating to the efficiency and costs of the Civil Aviation Authority ("the Authority") in supplying navigation and air traffic control services to civil aircraft, except insofar as any of those questions relate to, or may involve consideration of the cost-sharing arrangements agreed between the Authority and the Ministry of Defence.

For the purposes of this reference, "supplying navigation and air traffic control services to civil aircraft" does not include the supply of such services by the Ministry of Defence to civil aircraft on behalf of the Authority.

The Commission shall upon this reference investigate and report on the following questions:

(A) whether:

(1) consistently with the proper performance by the Authority of international obligations which it discharges on behalf of the United Kingdom;

(2) consistently with maintaining a high level of safety; and

(3) having regard to the effect which any increase or reduction in the costs of the Authority in supplying navigation and air traffic control services to civil aircraft would have on the standard of service provided to the air transport industry and on the costs incurred by that industry

the Authority could improve its efficiency and thereby reduce its costs, with particular reference to:

(a) its internal cost control system and method of allocating costs between different cost centres;

(b) its use of manpower, including adjustments to reflect fluctuations in traffic volume or other changes in circumstances;

(c) the effect or probable effect of recent or planned introduction of more modern equipment on its staffing levels;

(d) its planning and appraisal of new investment;

(e) its management, supervision and control of investment projects;

(f) the scale of its provision of equipment and its management of the maintenance of equipment, including its arrangements for ensuring continuity of essential services; and

(B) whether, in relation to any matter falling within the questions set out above, the Authority is pursuing a course of conduct which operates against the public interest.

The Commission shall report on this reference within a period of 6 months beginning with the date hereof.

In particular controls are applied regarding the demolition of buildings, for which owners will be required to obtain consent from the Council (with a few exceptions) before carrying out works resulting in the whole or partial demolition of any building within a Conservation Area.

Control is also imposed in respect of the felling, lopping, topping, uprooting, wilful damage or destruction to trees within Conservation Areas.
