The Secretary of State for the Environment intends to issue such a certificate. The land proposed to be given in exchange is described in the Second Schedule hereto and is shown coloured green on the map referred to in paragraph 4 below.

2. There is an insufficient flow of water at the said abstraction point to enable the Authority to abstract 170,000 gallons of water per day from the source of supply.

Notice is hereby given that because of an exceptional shortage of rain a serious deficiency of supplies of water exists in the area of the West Wales Division of the Authority and that the Authority pursuant to powers contained in section 1 of the Drought Act 1976 is about to apply to the Secretary of State for Wales for an Order under section 1 and section 3 of the said Act of 1976 the general effect of which will be that for a period not exceeding six months the Authority may:

1. Abstract

(A) 170,000 gallons of water per day from the Afon Brynberian at a point approximately 1.5 kilometres downstream of the above abstraction point at National Grid Reference SN 116 359 and discharge the said 170,000 gallons of water into the Afon Brynberian at a point adjacent to the Brynberian Pumping Station at National Grid Reference SN 104 350 provided that the Authority shall cease to abstract water from the said abstraction point at National Grid Reference SN 105 348 during the said period.

(B) 170,000 gallons of water per day from the Afon Brynberian at a point adjacent to the said Brynberian Pumping Station at National Grid Reference SN 104 350 provided that the total quantity of water to be taken into supply from the Afon Brynberian shall not exceed 170,000 gallons of water per day.

2. For the purpose of abstracting such water referred to in paragraph 1A above:

(A) Install on the said land at National Grid Reference SN 116 359 pumps and any associated works to enable water to be pumped through the existing 100 millimetre diameter pipeline to the Afon Brynberian at a point adjacent to the said Brynberian Pumping Station at National Grid Reference SN 104 350.

(B) Enter upon, occupy and use the land specified above being part of OS Numbers 5800 and 6200 in the Community of Nevern to such an extent and in such a manner as may be necessary for the installation execution and maintenance of the said pumps and any associated works, the Authority giving to every owner, lessee and occupier of the said land not less than seven days' notice of the intended entry by the Authority on the land.

A copy of the relevant map or plan showing the location of the said abstraction points and pipeline may be inspected by any person, free of charge, at all reasonable hours within a period of seven days from the date of publication/service of this notice at the offices of the Authority's Divisional Headquarters of the West Wales Division, Hawthorn Rise, Haverfordwest, Dyfed.

Any objection to this application may be made in writing to the Secretary of State, Welsh Office, Cathays Park, Cardiff CF1 3NQ within the said period of seven days quoting reference LG/WS3427/52 and should state the grounds of the objection. It is requested that a copy of the objection may, at the same time, be forwarded to the undersigned.

Should it appear to the Secretary of State that the Order is required to be made urgently if it is to enable the Authority effectively to meet the deficiency of sup-

plies of water referred to above, he may direct that the holding of a Public Local Inquiry or a Hearing by a person appointed by him should be dispensed with.
