TREASURY

RATES OF INTEREST ON LOANS BY THE PUBLIC WORKS LOAN COMMISSIONERS TO LOCAL AUTHORITIES

NOTICE

TREASURY MINUTE dated 26th October 1983.

The Lords Commissioners of Her Majesty's Treasury read section 3(2) of the National Loans Act 1968 (1968 c. 13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 26th October 1983 and until the coming into operation of a further determination:

- I. The rate of interest applicable to any such fixed rate loan will be that in force on the day the authority applies to borrow or, if the application is before noon three working

days before the loan is credited to the account of the authority's banker, the rate in force at 11 am two banking days before credit day;

- II. Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);

- III. The rates of such interest shall be:

The amount which a local authority borrows within its annual quota will bear interest at the appropriate rate in the quota set of rates. My Lords concur.

ANGLIAN WATER AUTHORITY

WATER RESOURCES ACT 1963

WATER RESOURCES (LICENCES) REGULATIONS 1965

Notice of Proposal for a Licence to Abstract Water

Notice is hereby given that the Anglian Water Authority propose to obtain a Licence to Abstract water from boreholes sunk in the chalk at the following locations:

<i>Point of abstraction</i>	<i>National grid map reference</i>	<i>Proposed quantities of water to be abstracted in any period of 15 years</i>
<i>Augmentation Boreholes</i>		
(a) Baythorne End Sewage Treatment Works, Baythorne End, Essex.	TL 724430	25,000,000 cubic metres (approx. 5,500 million gallons)—aggregate quantity from abstraction points (a) to (g) inclusive.
(b) Clare Road, Stoke by Clare, Suffolk.	TL 745443	As above
(c) Mill Farm, Ashen Road, Clare, Suffolk.	TL 762442	As above
(d) Bower Hall, Pentlow, Suffolk.	TL 796453	As above
(e) Hermitage Farm, Clare, Suffolk.	TL 771461	As above
(f) Glemsford Sewage Treatment Works, Glemsford, Suffolk	TL 834491	As above
(g) Lavenham Sewage Treatment Works, Lavenham, Suffolk. (2 boreholes)	TL 923486 and TL 924486	As above
<i>Support boreholes</i>		
(h) Moor Hall, Clare Road, Stoke by Clare, Suffolk. ...	TL 746441	57,000 cubic metres (approx. 12.5 million gallons).
(i) Rum Bridge, Stoke Road, Clare, Suffolk.	TL 754447	28,000 cubic metres (approx. 6 million gallons).

The purpose of the abstraction of water from the augmentation boreholes will be to discharge water into tributaries of the River Stour and the River Stour so as to augment the flow of water in that river and thereby enable water to be available for abstraction for public water supply purposes at the Langham, Stratford St. Mary, and Cattawade intakes of the Essex Water Company. The purpose of the abstraction of water from the support boreholes is to maintain the level of nearby inland waters which may be affected by abstractions from the augmentation boreholes. The overall limit on the quantity of water to be abstracted from the augmentation boreholes in any period of 15 years would allow all the augmentation boreholes to be pumped for approximately 400 days each over the 15 year period although pumping would not necessarily be continuous or evenly distributed between the boreholes. It is intended that abstraction other than for testing and maintenance purposes will take place only at times of exceptional low flows in the River Stour.

The proposals and the relevant maps can be inspected free of charge in the form of a draft Licence to Abstract Water at all reasonable hours during the period of 6 weeks from 27th October 1983 at the premises of the Authority at the Wixoe Pumping Station, Watsoe Bridge, New England, near Halstead, Essex and at the Lavenham Post Office, Lavenham, Suffolk and at the Glensford Post Office, Glensford, Suffolk.

Any person who wishes to make representation about the proposals should do so, in writing, to the General Manager of the Colchester Division of the Anglian Water Authority at Cowdray Centre, Cowdray Avenue, Colchester, Essex, before the end of the said period.

After the expiry of the said period, the Authority will be entitled to pass a resolution by virtue of which the said Licence to Abstract Water shall be deemed to be granted unless the Secretary of State for the Environment, either in consequence of any representations made, or otherwise, requires an application for the said Licence to be made to him.
