TREASURY

RATES OF INTEREST ON LOANS BY THE PUBLIC WORKS LOAN COMMISSIONERS TO LOCAL AUTHORITIES

NOTICE

TREASURY MINUTE dated 2nd November 1983.

The Lords Commissioners of Her Majesty's Treasury read section 3 (2) of the National Loans Act 1968 (1968 c. 13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 2nd November 1983 and until the coming into operation of a further determination;

- I. The rate of interest applicable to any such fixed rate loan will be that in force on the day the authority applies to borrow or, if the application is before noon three working days before the loan is credited to the account of the authority's banker, the rate in force at 11 a.m. two banking days before credit day;
- II. Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal

with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);

III. The rates of such interest shall be:

The amount which a local authority borrows within its annual quota will bear interest at the appropriate rate in the quota set of rates. My Lords concur.

The Treasury determine the rates of interest accordingly.

DEPARTMENT OF THE ENVIRONMENT

CITY OF CHESTER

ANCIENT MONUMENTS AND ARCHAEOLOGICAL ACT 1979

Proposal to Designate Part of the City as an Area of Archaeological Importance

The Secretary of State for the Environment considers that the City of Chester historic centre merits treatment as an "Area of Archaeological Importance" in accordance with the provisions of Part II of the Ancient Monuments and Archaeological Areas Act 1979. The Secretary of State therefore proposes to make an Order designating part of the City as an Area of Archaeological Importance.

The effects of the Archaeological Importance designation are that notice is required of any proposed flooding and tipping operations and any operations in the area which will disturb the ground (subject to certain exceptions set out in section 35 of the Ancient Monuments and Archaeological Areas Act 1979); the investigating authority (Chester City Council operating through the Excavations Section at Grosvenor Museum) will then be empowered to enter, investigate and if necessary to excavate the site of operations covered by the notice, and to investigate in advance of operations any site which may have been compulsorily purchased for any purpose. Certain other powers of entry to the site of operations are given. There are also restrictions on the use of metal detectors in any place situated in an area of archaeological importance. Failure to observe the requirements is an offence.

Copies of the draft Order and of the map to which it refers have been deposited with the Council of the City of Chester and Cheshire County Council and are available for public inspection (free of charge) during normal office hours at the following addresses:

- (a) Council of the City of Chester, Town Hall, Chester CH1 2HN.
- (b) Cheshire County Council, County Hall, Chester CH1 1SF.

The Secretary of State, in exercise of his powers under section 11 (1) (a) and (b) of the Competition Act 1980, hereby refers to the Monopolies and Mergers Commission the questions set out below relating to the efficiency and costs of, and the service provided by, the Post Office in supplying the service of conveying letters ("the service").

For the purposes of this reference, "the service":

- (a) includes the incidental service of receiving, collecting, despatching, and delivering letters; and
- (b) does not include any service in relation to the conveyance of a letter by Inland or International Datapost, Expresspost, Royal Mail Special Delivery, Electronic Mail (including Electronic Post and Intelpost) or Swiftair.

The Commission shall upon this reference investigate and report on the following questions:

- (1) Whether, in supplying the service in each of the following areas ("the areas"):

The Glasgow head post office Area
 The Belfast head post office Area
 The Cardiff head post office Area
 the Post Office could:

- (i) improve its efficiency and thereby reduce its unit costs without affecting the quality of service provided; and

- (ii) improve the quality of service provided without any significant increase in its costs; with particular reference to:

- (a) the length of time taken in relation to the supply of the service, having regard to the quality of service targets set by the Post Office and agreed with the Secretary of State;

- (b) the reliability of the service;

- (c) the availability of the service;

- (d) the quantity and quality of resources used for the purposes of the supply of the service and the manner and efficiency in which such resources are used; and

- (e) the flexibility of working practices and the efficiency with which manpower is used;

- (2) whether, in supplying the service in the United Kingdom as a whole, the Post Office could:

- (i) improve its efficiency and thereby reduce its unit costs without affecting the quality of service provided; and

- (ii) improve the quality of service without any significant increase in its costs; by making greater use of, or having different arrangements for using, mechanical sorting equipment and associated equipment in the numbered London Postal Districts of the Post Office and in the areas "the 4 areas" or any of them;

- (3) whether, and to what extent, in relation to the service provided in the numbered London Postal Districts of the Post Office, the Post Office has implemented the recommendations of the Monopolies and Mergers Commission in their Report on the Letter Post in the Area comprising the Numbered London Postal Districts, and what effect any action taken by the Post Office to implement such recommendations has had on its efficiency and costs and on the quality of service provided;

- (4) what conclusions can be drawn from the differences between each of the 4 areas in the efficiency and costs of, and the quality of service provided by, the Post Office in supplying the service, as disclosed by the investigations of the Commission into question 1-3 above; and

- (5) whether, in relation to any matters falling within the questions set out above, the Post Office is pursuing a course of conduct which operates against the public interest.

(c) Department of the Environment (North West Region Office) Surley Buildings, Picadilly Plaza, Manchester M1 4BE.

(d) Department of the Environment Ancient Monuments Administration, Fortress House, 23 Savile Row, London W.1.

The Secretary of State may make the Order either without modifications or with such modification only as consists in reducing the area affected 6 weeks after the first publication of notice of his proposal to make the Order (this is the first/second publication).

Any representations concerning this notice should be made to the Secretary of State for the Environment, Ancient Monuments Administration, Fortress House, 23 Savile Row, London W.1, within 28 days of this notice. They should be in writing and should state the title of the draft Order.

A. F. W. Swift, Ancient Monuments Administration.
