SOUTH WEST WATER AUTHORITY

DROUGHT ACT 1976

WATER SHORTAGE

Order Pursuant to section 1(3)(b)

Whereas in view of an exceptional shortage of rain, a serious deficiency of supplies of water is threatened in the area of the South West Water Authority which is served from Meldon Lake near Okehampton, Jennetts and Gammaton Reservoirs near Bideford and Slade Reservoirs near Ilfracombe and Wistland-pound Reservoir near Bratton Fleming in the County of Devon.

Notice is hereby given that in Order to maintain an adequate supply of water the Authority is applying to the Secretary of State for the Environment for an Order pursuant to section 1(3)(b) of the Drought Act 1976, to enable it for a period not exceeding 6 months to prohibit or limit the use of water for one or more of the purposes set out in the First Schedule hereto in the areas set out in the Second Schedule.

If the Order is granted restrictions on such use will not come into effect until applied by the Authority by means of a further public notice.

A copy of the statement and a plan illustrating the Authority's proposals may be inspected by any person, free of charge, during all reasonable office hours at the office of the undersigned and the offices of South West Water, Grenville House, Boutport Street, Barnstaple for a period of 7 days from the date of the publication of this Notice.

Objections to the application may be made to the Secretary of State for the Environment, Romney House, 43 Marsham Street, London SW1 3PY (with a copy to the undersigned please) within 7 days of the publication of this Notice.

Where it appears to the Secretary of State that the Order is required to be made urgently if it is to enable the Authority effectively to meet the deficiency of supplies of water referred to above, he may direct that the holding of a Public Local Inquiry or a hearing by a person appointed by him shall be dispensed with.

A. G. Conybeare Williams,
Chief Executive and Deputy Chairman

3-5 Barnfield Road,
Exeter EX1 1RE.
18th July 1984.
