My Lords and Gentlemen,

Ended the last Session with my bearty Thanks for the Solemn Assurances you had given me, by which I have been enabled to overcome the Difficulties contriv'd to obstruct the General

. I have deferr'd the Opening the Sassion until now, being desirous to Communicate to you, at your!

first Meeting, the Success of this Important Affair ; It is therefore with great Pleasure I tell you the Treaty is Signed, and in a few Days the Ratifications will be Exchanged.

The Negotiation has been drawn into so great a Length, that all our Allies have had sufficient Opportunity to adjust their several Interests, though the Publick Charge has been thereby much encreased; get I hope my People will be easte under it, since We have happily obtained the End We pro-

What I have done for Securing the Frotestant Succession, and the perfect Friendship there is between Me and the House of Hanover, may Convince such who Wish well to Both, and desire the Quiet and Safety of their Country, how vain all Attempts are to Divide Us, and those who would make a Merit by Separating Our Interests, will never attain their ill Ends.

Gentlemen of the House of Commons,

As great a Progress bus been made in Reducing the Publick Expence, as the Circumstances of Affairs would admit.

What Force may be necessary for Securing Our Commerce by Sea, and for Guards and Garrisons, I leave entirely to My Parliament.

Make your selves Safe, and I shall be Satisfield. Next to the Protestion of the Divine Providence, I depend upon the Loyalty and Affection of my People.

I want no other Guarranty.

I recommend to your Care those Brave Men who have served well by Sea or Land this War, and cannot be Imploy'd in time of Peace.

I must desire you to provide the Supplies you shall judge requisite, and to give such Dispatch as may be necessary for your own Ease and the Publick Service.

My Lords and Gentlemen,

The many Advantages I have obtained for My, own Subjects, have occasioned much Opposition, and long delay to this Peace.

It affords Me great Satisfastion, that My People will have it in their Power, by degrees, to repair what they have suffered during so long and burdensome a War.

The Easing Our Foreign Trade, as far as is con-listent with National Credit, mill deserve your

And to think of proper Methods for improving and encouraging Our Home Trade and Manufa-Aures, particularly the Fishery, which may be carry'd on to employ all our spare Hands, and be a mighty Benefit even to the remotest Parts of this King dom.

Several Matters were laid before you last Sesson, which the Weight and Multiplicity of other Busta

ness would not permit you to perfect; I hope you will take a proper Opportunity to give them due Con-

I cannot however but expressly mention My Dif-pleasure at the Unparallel'd Licentiousness in pub-

lishing Seditious and Scandalous Libels.

The Impunity such Prastices have met with, bas encouraged the Blaspheming every Thing Sacred, and the Propagating Opinions tending to the Overthrow of all Religion and Government.

Prosecutions have been order'd, but it will re-· quire some New Law to put a Stop to this growing Evil, and your best Endeavours in your respective

Stations to Discourage it.

The Impious Practice of Duelling requires some

speeds and effectual Remedy.

Now we are entring upon Peace Abroad, let Me Conjure you all to use your utmost Endeavours for calming Mens Minds at Home, That the Arts of Peace may be Cultivated.

Let not groundless Jealousies, contriv'd by a Fa-tion, and fomented by Party-Rage, effect that which

our Forcign Enemies could not.

I pray God to direct all your Consultations for His Glory and the Welfare of my People.

Hanover, April 14. N. S. The Chapter of Hildesheim hath sent Deputies to Hamburg, to represent to Count Schonborn, the Emperor's Minister, that the Imperial Troops Quarter'd in that Diocess, have not conformed themselves to the Regulations settled with him. We have received Advice from Pomerania, that the Muscovites have burnt the City of Wolgast, without suffering the Inhabitants to withdraw their Effects from thence. They threaten several other Places with the same Fate, though the Danes use all possible Endeavours to disfwade them from fuch Practices. By a Letter from Monsieur Fabrice, dated from Bender the 5th of March, we are informed that King Stanislaus was returned thither, and that he had been very civilly treated by the Turks. He adds, That there was great probability the King of Sweden's Affairs would be restored, most of the Janisaries having declared openly for him. They write from Poland, that an Aga was arrived at Lamberg, being fent to assure King Augustus and the Republick, that the Port would maintain a good Correspondence with them, provided they did not affift the Muscovites.
