SCHEDULE

(1) *Bretherton Conservation Area*

Description of Area

The Conservation Area is situated either side of South Road, Bretherton. It includes within it several notable listed buildings such as St. John the Baptist Church, the Rectory and Church House Farmhouse. The character of the village derives from its unusual linear form and pattern of development. Whilst some individual buildings are of particular merit, it is the overall relationship of buildings to each other which warrants Conservation Area status. The Council seeks to preserve the character of the Area by carefully controlling the design of new buildings, advertisements and other developments, and enhance the Area by preparing a Scheme of Enhancement for the Conservation Area.

Description of Boundary

Commencing opposite Back Lane Farm, Back Lane the conservation area boundary runs northwards, across Eyes Lane to include Rose Grove Farm and the War Memorial at the junction of Eyes Lane, Carr House Lane and South Road. It then runs along the south side of Carr House Lane and around Nook Farm before heading in an easterly direction to the rear of Nos. 1 and 3 Pompian Brow. It includes No. 280 South Road before crossing Pompian Brow and including properties on the eastern side of the Brow until opposite No. 7. It then crosses the field and runs southwards along the field drain, behind "Roslyn" and eastwards to the rear of Chapel House, the Sunday School, Bretherton Congregational Church, and along to St. John the Baptist Church (C of E). From there it again runs eastwards, to the rear of the Rectory, the Old School Houses, Bretherton Endowed School (C of E), the Police Station and Rose Cottage until opposite No. 83 South Road. The Conservation Area boundary then runs southwards, crosses South Road, includes Nos. 83 and 85 South Road, before running along the rear of Nos. 1, 2 and 3 Bamfords Fold. It includes Moss Farm and Weavers Fold. It then runs southwards to the rear of 6, 7, 8, 9 and 10 Bamfords Fold, down to Sarah Lane, and then turns westwards and runs westwards along the Footpath off Sarah Lane, to the rear of Nos. 131 and 133 South

Road, and along to Back Lane. The boundary then heads southwards along the western side of Back Lane until the bend in the road, where it turns westwards, around the wooded area and then northwards, to the rear of Pear Tree Farm. From there the boundary heads westwards, following the line of the field towards Pear Tree Grove Farm and southwards down to the pond, where it then runs westwards back to Back Lane Farm.

(2) Brindle Conservation Area

Description of Area

The Brindle Conservation Area is centred on the Cavendish Arms Public House and St. James's Church. These two buildings form the focal point of the village. It includes notable buildings such as Beech House, Cross Keys Cottage and The Rectory. The village's trees are of particular merit and Conservation Area status helps to protect them.

Whilst some individual buildings are of particular merit, it is the overall relationship of buildings to each other which warrants Conservation Area status. The Council seeks to preserve the character of the Area by carefully controlling the design of new buildings, advertisements and other developments, and to enhance the Area by preparing a Scheme of Enhancement.

Description of Boundary

Starting opposite No. 3, Sandy Lane, the Conservation Area boundary runs north westerly, and encompasses Myrtle Cottage and Bowfell Cottage. From there it runs along the backs of Nos. 25 to 41 Smithy Close, before including Cross Keys Cottage. It then turns southwards until it meets Sandy Lane to include the row of cottages. It crosses Smithy Lane and runs around 'Woodville' and 'Village Farm'. It traverses Stony Bank (B5256), runs around the Post Office and the 'Post Office Cottage', before running southwards to include the wooded area, the 'Rectory' and 'Mulgoa'. It then runs easterly along the northern boundary of the playing field until it reaches Water Street just south of Beech House. The Conservation Area boundary then heads in a southerly direction to include Prospect Cottage and Brindle School House. It crosses Water Street and turns northwards to include Brindle Parochial School and Fletcher's farm. It then runs along Slack Brook and the field drain, adjacent to Water Street, and back to No. 3 Sandy Lane.

(3) Rivington Conservation Area

Description of Area

The Conservation Areas includes St. Catherine's Church (Church of England), Rivington Primary School, the Bowling Green and Pavillion, and the Parish Room on Horrobin Lane. The Unitarian Church, Chapel House and (former) Sunday School on Sheep House Lane, Mill Hill Cottages (Nos. 1 to 6) and Fisher House, and the Vicarage on Rivington Lane, and the Post Office. The Conservation Area is centred on the Village Green. The Conservation Area's boundary is drawn around the village itself. It is the overall relationship of the village's buildings and spaces between them that gives Rivington its special character. The Council seeks to preserve the character of the Area by carefully controlling the design of new development or advertisements. The Borough Council will seek to improve the Area by preparing a Scheme of Enhancement for the Conservation Area.

Description of Boundary

Commencing at the northern side of St. Catherine's church (Church of England), the Conservation Area boundary runs eastwards past Lych Gate and along Sheep House Lane (opposite The Green), then around the perimeter of the Unitarian Church, and along the northside of Sheep House Lane until it reaches a point opposite Chapel House. From there it crosses the road, runs along the eastern side of Chapel House and around the wooded area to the rear of Chapel House. The boundary then runs westerly to Fisher House, where it turns and heads southerly along the eastern side of Fisher House and around the wooded area that is between the Mill Hill Cottages and the entrance road off Rivington Lane to Rivington Hall Barn. It then runs southwards over Croft Bridge and along the western side of Rivington Lane, and then westwards to Rivington Primary School. The boundary then runs around the southern side of the primary school until it meets Hall Brook, where it heads north-westerly along the eastern bank of lower Rivington Reservoir. It crosses Horrobin Lane and then runs along the eastern bank of Upper Rivington Reservoir, passes the Bowling Green, runs along Pilkington Embankment and then around the wooded area to the rear of the Bowling Green. It then finishes back at St. Catherine's Church (Church of England).

(4) White Coppice Conservation Area

Description of Area

White Coppice Conservation Area is a mixture of hamlet and linear settlement. It includes several domestic buildings of particular value, as well as more formal buildings such as the White Coppice Primary School. The Area centres around a group of buildings at the junction of Hollin Lane and the White Coppice approach road, and the village cricket ground. It is the overall relationship of buildings, and the spaces between them that the Council seeks to preserve and enhance. The character of the Area will be conserved by carefully controlling the design of new buildings, advertisements and other developments. A Scheme of Enhancement will be prepared for the Conservation Area.

Description of boundary

Starting at the rear of White Coppice School the boundary leads eastwards to the rear of Brookside Cottages, where it turns southwards until it meets Warth Brook. The boundary then runs alongside the brook in an easterly direction to the reservoir, and follows the northern bank of the reservoir to the north of a group of cottages called 'The Row', Porch Cottages and Rose Cottage. From the easterly reservoir it then turns south-eastwards along the western edge of the water towards the disused railway line which it follows southwards past the Cricket Ground and the Pavillion to the footbridges. Here it turns westerly and runs along the southern edge of Black Brook and then Hollin Lane to include White Coppice Farm. The boundary then heads north-westerly past the reservoir until it reaches Warth Brook and returns to White Coppice School. (777)

Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force*?

Statutes in Force is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

Statutes in Force is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of **any** individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.

There's a free leaflet on *Statutes in Force* available from:
