My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 28th February 1990 and until the coming into operation of a further determination:

Jeune Street/St. Clement's Street and Rectory Road/Cowley Road— Proposed Experimental Restrictions on Turning Movements

Notice is hereby given that the Oxford City Council, as agent for the Oxfordshire County Council, has made an experimental Traffic Order entitled "The City of Oxford (Jeune Street and Rectory Road) (Experimental Turning Restriction) Order 1990."

When the Order comes into operation on 3rd March 1990 its effect will be to introduce experimentally a restriction which will require all vehicles to turn left only out of Jeune Street into St. Clement's Street and out of Rectory Road into Cowley Road. Vehicles will no longer be permitted to turn right into St. Clement's Street from Jeune Street or to proceed straight across into Boulter Street nor will they be permitted to turn right into Cowley Road from Rectory Road or to proceed straight across into Marston Street. These restrictions are proposed in order to eliminate accidents involving right-turning and straight ahead traffic movements from Jeune Street and Rectory Road.

Full details of the Order may be examined at my office at the address given below between 9 a.m. and 4 p.m. Mondays to Fridays. If you wish to question the validity of the Order on the grounds that it is not within the powers conferred by the Road Traffic Regulation Act 1984 or that any other legal requirement has not been complied with in relation to it you may within 6 weeks of the date of this notice apply to the High Court for this purpose.

OXFORD CITY COUNCIL

Magdalen Road and Howard Street—Proposed Experimental Alterations to Waiting and Parking Arrangements

Notice is hereby given that the Oxford City Council, as agent for the Oxfordshire County Council, has made an Order to enable various experimental alterations to waiting and parking arrangements to be carried out in Magdalen Road and Howard Street.

At present both roads suffer from large volumes of traffic which use them as short cuts. A lot of the traffic travels at speed. The Council proposes to alter the appearance of the roads by providing tree and shrub planting in planting boxes in them at either end of areas of parking. The areas of parking will also be protected by kerbing, bollards or similar installations. The parking arrangements will themselves be altered so that parking is staggered along the roads. The roads will become less obviously straight and should reduce vehicle speeds. All accessways to premises will be protected by waiting prohibitions. During the course of the experiment there may be a need to alter the initial arrangement of waiting and parking controls to cater for particular circumstances but such alterations will not, overall, increase waiting restrictions. The present arrangements in Magdalen Road where parking is permitted on one side of the road on some days and on the other side of the road on other days will be suspended for the duration of the experiment.

The Order which will introduce the experiment is entitled "The City of Oxford (Howard Street and Magdalen Road) (Experimental Traffic Regulation) Order 1990". It will come into operation on 4th March 1990. The Order may be examined at my office at the address given below between 9 a.m. and 4 p.m. on Mondays to Fridays. If you wish to question the validity of the Order or any of the provisions contained within it on the grounds that they are not within the powers conferred by the Road Traffic Regulation Act 1984 you may, within 6 weeks of the date of this notice apply to the High Court for this purpose.

TOWN AND COUNTRY PLANNING ACTS

BASINGSTOKE AND DEANE BOROUGH COUNCIL

TOWN AND COUNTRY PLANNING ACTS 1971-1974

Laverstoke with Freefolk Conservation Area

Notice is hereby given that the Borough Council of Basingstoke and Deane (hereinafter called "the Council" as the District Planning Authority for the area) has determined for the purpose of section 277 of the Town and Country Amenities Act 1971, as amended by section 1 of the Town and Country Amenities Act 1974 that the area described in the schedule hereto is an area of special architectural or historic interest the character or appearance of which it is desirable to preserve or enhance and has designated it as a Conservation Area for that purpose.

A plan showing the extent of the Conservation Area is available for inspection during normal office hours at the Planning Department, Civic Offices, London Road, Basingstoke.

The effect of the said designation is that:

- (a) all planning applications for development that would affect the character of the area must be advertised and site notices posted so that the maximum opportunity for comment is given to the public before a decision is reached;
- (b) the prior approval of the District Planning Authority may be required for the demolition of buildings within the Conservation Area (applications for approval must be made separately, not as part of an application for planning permission for the development of a site within the Conservation Area);
- (c) before certain trees within the Conservation Area can be felled, topped, lopped or uprooted it will be necessary to give 6 weeks notice to the District Planning Authority (if the trees are subject to wilful damage or destruction an offence may have been committed);
- (d) if it is intended to demolish any building or part of a building or to carry out any work which may in any way affect a tree within the Conservation Area, the advice of the District Planning Authority should be sought; and
- (e) the Borough Council, as District Planning Authority, will exercise particular care to ensure that change, if and when it occurs, does not detract from the character of the area.

J. J. Dixon, Director of Administration
