Notice is hereby given that the National Rivers Authority in pursuance of section 43 of the Act have formulated proposals to vary licence serial number 8/36/11/66. This licence authorises the abstraction of groundwater from a total of ten boreholes at various locations in the valley of the River Stour between Wixoe and Long Melford and at Lavenham for the purpose of regulating the flow in the River Stour for public water supply purposes. An earlier Notice of Proposal to vary this licence was published in January this year and a decision by the Department of the Environment on the determination of that application for a variation to this licence is still pending. This proposed variation is to add to the licence the abstraction of water from boreholes sunk into the chalk underground strata at the following locations in St. Edmundsbury District in the County of Suffolk:

<i>Point of Abstraction</i>	<i>National Grid Map Reference</i>	<i>Proposed Maximum Quantity to be Abstracted in any (a) daily or (b) annual period</i>
(1) Adjacent to the sewage treatment works in the parish of Little Thurlow.	TL 682 509	(a) 4,000 cubic metres (b) 1,460,000 cubic metres
(2) Adjacent to the sewage treatment works in the parish of Kedington.	TL 706 460	(a) 8,000 cubic metres (b) 2,920,000 cubic metres

These two abstractions will also be subject to a combined maximum quantity to be abstracted in any period of fifteen years of 4,750,000 cubic metres.

The purpose of the abstraction of water from these boreholes is to regulate and augment flows and levels of water in the River Stour for inter-basin transfer and public water supply purposes during periods of low natural flow and when insufficient water is available for transfer to the Stour from the Great Ouse river catchment by means of the Ely Ouse-Essex Transfer Scheme. The inland waters into which the water abstracted from the boreholes listed above is to be discharged, the discharge being in the same parish as the corresponding abstraction, are as follows:

<i>Borehole Number</i>	<i>Location of Discharge Point</i>	<i>National Grid Map Reference</i>
(1)	River Stour east of Manor Farm, Little Thurlow.	TL 679 509
(2)	Unnamed tributary of the River Stour at Arms Lane, Kedington.	TL 706 460

It is intended that abstraction, other than for testing and routine maintenance purposes, will take place only at times of low natural flow or level in the receiving watercourse.

A copy of the proposals and of any maps, plans or other documents prepared in connection with them may be inspected free of charge at all reasonable hours during the period beginning on 7th December 1990 and ending on 4th January 1991 at the premises of the Authority at Cobham Road, Ipswich, Suffolk, at the Public Library at Haverhill, Suffolk, and at the Post Office at Kedington, Suffolk.

Any person who wishes to make representations about these proposals should do so in writing to the Regional Manager (Environment and Fisheries) at Kingfisher House, Goldhay Way, Orton Goldhay, Peterborough PE2 0ZR, before the end of the said period. Copies of all such representations received by the Authority will be forwarded to the Secretary of State for the Environment.

After the expiry of the said period the Authority will be entitled to pass a resolution by virtue of which the said Licence to Abstract Water shall be deemed to be varied unless the Secretary of State for the Environment, either in consequence of any representations made with respect to the proposals, or otherwise, requires the application for the said Licence variation to be made to him.
