SUFFOLK COASTAL DISTRICT COUNCIL

PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT
 1990

Designation of Conservation Areas

Notice is hereby given that the Suffolk Coastal District Council as district planning authority have designated certain parts of their area as Conservation Areas under section 69 of the Planning (Listed Buildings and Conservation Areas) Act 1990, as listed below. Conservation Areas are areas of special architectural or historic interest within which the relevant authorities are required to pay special attention to the desirability of preserving or enhancing their character or appearance.

The precise boundaries of the above areas are defined on maps which may be seen during normal office hours at the address given below. The designations come into effect on the date of publication of this notice and they will be registered in the Register of Local Land Charges. In each case the existing Conservation Area is cancelled and replaced by the new map. Seven towns/villages have had significant extensions to the boundaries of their existing Conservation Area, as noted by an asterisk in the list which follows:

the remainder have had less extensive changes or the present boundaries refined to correct base map anomalies and individual cartilage ambiguities when the areas were first designated.

Aldeburgh	Earl Soham	Peasenhall
*Blythburgh	*Easton	*Saxmundham
*Bramfield	Framlingham	Saxtead Green
*Brandeston	Great Glemham	Thorpeness
Darsham	Huntingfield	Walberswick
Dennington	Leiston	*Westleton
Dunwich	*Marlesford	Yoxford

Notice is hereby given that the above Act provides that non-listed buildings and parts of buildings (with certain exceptions) within Conservation Areas may not be demolished without the consent of the local planning authority. An application for consent to the demolition of such a building must be made as a separate application for conservation area consent, whether or not it is accompanied by a planning application for redevelopment. Also, anyone wishing to cut down, top, lop or uproot any tree (with certain exceptions) within a Conservation Area must give the District Council 6 weeks notice of his/her intention. A notice under these provisions must state the work proposed and must give sufficient particulars to identify the tree concerned.

Planning applications involving development which is considered to affect the character or appearance of the Conservation Areas will be advertised by the local planning authority for public comment. Applications for the erection of buildings will not normally be accepted in outline form by the authority, who will seek to ensure that all alterations, redevelopment and any new development are of a high architectural standard and preserve or enhance the character of the designated areas. In addition, statutory undertakers are asked to pay special attention to the character and appearance of the areas in the provision and maintenance of their respective services.

The District Council's project, announced in December 1990, to produce one up-to-date and relevant Conservation Area for each town/village which qualifies for such status, is now complete.
