## THE PETROLEUM (PRODUCTION) (SEAWARD AREAS) REGULATIONS 1988

1. Further to the Notice published on 6th March 1992 regarding the 14th Round of petroleum production licensing, the Secretary of State for Trade and Industry now invites applications, in accordance with the Petroleum (Production) (Seaward Areas) Regulations 1988 (SI 1988 No. 1213), as amended by the Petroleum (Production) (Seaward Areas) (Amendment) Regulations 1990 (SI 1990 No. 1332) and the forthcoming Petroleum (Production) (Seaward Areas) (Amendment) Regulations 1992 (in this Notice called "the Regulations"), for petroleum production licences in respect of the blocks specified in Schedules 1, 2, 3, and 4 to this Notice and delineated on maps deposited in the Library at the Department of Trade and Industry, 1 Palace Street, London SW1E 5HE. The maps be inspected by prior appointment (Telephone No. 071-238 3042) between 0915 and 1645 hours Monday to Friday until Tuesday, 15th December 1992.

### CONSIDERATION FOR AND CONDITIONS OF LICENCES

2. Licences issued in respect of blocks shown on the maps at Schedules 1 and 3 and listed in Schedules 2 and 4 to this Notice will have an initial term of six years with a second term of twelve years. This second term may be extended beyond twelve years for a further period of eighteen years. These licences will be subject to the conditions set out in Schedule 4 to the Regulations.

3. The consideration required in respect of production licences granted as a result of this invitation will be:

- an initial payment, at the time the offer of a licence is accepted, of £390 for each square kilometre comprised in the licensed area;
- subsequent annual payments determined according to the following provisions:

(i) on the sixth anniversary of the date of commencement of the licence term (following exercise of the option to continue as to the remaining period of the licence) the sum of £450 will be payable for each square kilometre in the area to which the licence then relates; on the seventh anniversary £900 per square kilometre and so on, rising by annual increments of £450 until an annual sum of £6,750 is payable for each square kilometre comprised in the licensed area;

(ii) the payments specified in sub-paragraph 3(b)(i) above will be subject to variation as follows:

(aa) The annual payments will be increased or subsequently reduced at two-yearly intervals in line with movements in the Index of the Price of Crude Oil acquired by Refineries (published in the Digest of UK Energy Statistics) if the Minister so determines. The Minister will give notice of any such determination ("biennial determination") during the month preceding the eighth anniversary of the date of commencement of licences or any subsequent two-yearly anniversary, and will specify in the notice the increase or reduction in the amount payable. Movements in the Index will be calculated by reference to a comparison between the arithmetic mean of the Index levels for the two latest calendar years for which figures are available at the time when the determination is made, and the arithmetic mean of the Index levels for 1990 and 1991. In the event that the Index of the Price of Crude Oil acquired by Refineries ceases to be published, the Minister may substitute arrangements for redetermination of annual payments having substantially similar effect to those set out above based on such other comparable Index as he may determine.

(bb) The increase or reduction specified in a biennial determination will be payable or take effect on the anniversary of the date of commencement of the licence next following the date of the relevant determination.

(cc) No biennial determination will have effect so as to reduce the annual payments below the levels set in sub-paragraph 3(b)(i).

(dd) The Minister will not make a biennial determination increasing or reducing the amounts payable, where that increase or reduction would be 5% or less of the levels set following the previous biennial determination.

(c) a royalty (provided for in Clauses 10-13 of Schedule 4 to the Regulations) at the rate of 12.5% payable in respect of petroleum won and saved from any field which is neither:

(i) a relevant new field for the purposes of the Petroleum Royalties (Relief) Act 1983, nor

(ii) a relevant Southern Basin field for the purposes of the Petroleum Royalties (Relief) and Continental Shelf Act 1989.

4. Licences may be granted subject to special conditions governing the notice required for, and the timing and circumstances of, operations carried out thereunder. The Department of Trade and Industry will make copies of these conditions available as soon as possible.

APPLICATIONS FOR LICENCES

5. In respect of all blocks listed in Schedules 2 and 4:

- (a) applications should be made on a standard application form available from the Department of Trade and Industry;
- (b) applications should be delivered between 0930 and 1200 hours on Tuesday, 15th December 1992, or between 0930 and 1200 hours on Wednesday, 16th December 1992, to the Oil and Gas Division of the Department of Trade and Industry at 1 Palace Street, London SW1E 5HE, together with a remittance in respect of the appropriate application fee of £3,700;
- (c) no applications will be accepted after 1200 hours on Wednesday, 16th December 1992;
- (d) applicants are requested to indicate where possible any preference they attach to the blocks applied for and should indicate if blocks applied for are alternatives;
- (e) applicants are requested to provide details of the work programme they propose to carry out if awarded a licence;
- (f) applicants should note that they are requested to submit a statement of their policy with regard to health and safety and, for the first time, to submit a statement of their policy with regard to the environment;
- (g) further guidance on the material with which applicants may support their applications is given in Guidance Notes available from the Department of Trade and Industry;
- (h) copies of documents referred to in the text of this notice as being available from the Department of Trade and Industry may be obtained from the Licensing Branch (Room 3.2M.23), Oil and Gas Division of the Department of Trade and Industry, 1 Palace Street, London SW1E 5HE (Telephone No. 071-238 3211/3212).

6. Applicants will be judged against the background of the continuing need for expeditious, thorough, efficient and safe exploration to identify oil and gas resources on the UK Continental Shelf, with due regard to environmental considerations. The financial and technical capacity of each applicant will be established as far as possible before competing applications are evaluated. Applicants must also meet a threshold of acceptability for other criteria, including technical competence, health and safety and environmental policies. Once these threshold criteria have been met, applications will be evaluated on the basis of the following technical criteria:

- the quality of geological analysis related to the block being applied for and the identification of prospects (including whether work done was innovative);
- the quality of the work programme submitted for evaluating the full potential of the block;
- the experience or technical databases (e.g. of relevant seismic data) of applicants in each applicant group.

The first two of these criteria will be given predominant weight. Where applicants hold or have held licences, their overall record on exploration and exploitation may also be taken into account, but no preference will be given to such licensees as a result of holding or having held a licence.

7. The Secretary of State will be prepared to consider requests from companies that unlicensed blocks in frontier areas of the United Kingdom Continental Shelf not listed in Schedules 2 and 4 should also be advertised for offer. Frontier areas that may be offered include the South West Approaches (Quadrants 72-75), the Malin Basin (Quadrants 124, 125, 134 and 135), and other areas west of Scotland (i.e. north of 58 N and west of 5 W). Nominations of blocks in such areas should be submitted by 2nd October 1992.

8. Blocks nominated under paragraph 7 above which it is possible to release for licensing will be advertised for offer by Gazette Notice. The terms for such blocks may differ from those advertised in this notice (see paragraphs 2 and 3 above).

9. Following examination of all applications the Secretary of State will select the applicants to whom he is prepared to award licences. If there are two or more applicants for a block who would be equally acceptable to the Secretary of State as licensees for that block he may suggest that the licence should be held jointly by some or all of such applicants.

10. The selected applicants will be offered licences on condition that within 14 working days of the date on which the Secretary of State makes the offer of an award:

- (a) they confirm acceptance of a work programme proposed by the Secretary of State following discussion with the applicants concerned;
- (b) they remit to the Secretary of State the appropriate payment referred to in paragraph 3(a) above; and
- (c) they confirm in writing that they accept any special conditions or restrictions of the sort referred to in paragraph 4 above.

11. Unsuccessful applicants will be notified in writing.

## OXFORD CITY COUNCIL

*Oxford United—Parking Restrictions on Match Days*

Notice is hereby given that the Oxford City Council, as agent for the Oxfordshire County Council, proposes to alter the waiting restrictions which apply on Wednesday evenings between 6 p.m. and 10 p.m. and Saturday afternoons between 1 p.m. and 6 p.m. on days when Oxford United is playing "at home" so that they apply additionally on Tuesday evenings.

The Football Club is intending to play its mid-week matches during the 1992-93 football season on Tuesdays rather than Wednesdays, and if the day on which the waiting restriction applies has not altered the roads to which the restriction applies would become congested with parked cars. In order to cover the possibility that the Club might in the future revert back to Wednesday evening matches the Traffic Regulation Orders which provide the legal backing for the restrictions will continue to provide for the restrictions to apply on that evening also.

The roads, in part or the whole of which the restriction applies and to which the proposed changed waiting restrictions will also apply are:

Ambleside Drive, Barrington Close, Beech Road, Brookside, Burrows Close, Cecil Sharp Place, Copse Lane, Dunstan Road, Eden Drive, Fortnam Close, Franklin Road, Gardiner Street, Girdlestone Road, Headley Way, Horwood Close, Jack Straw's Lane, Langley Close, Latimer Road, Laurel Farm Close, Mattock Close, Norton Close, Nursery Close, Osler Road, Perrin Street, Piper Street, St. Andrew's Road, St. Leonard's Road, Sandfield Road, Snowdon Mede, Staunton Road, The Croft, Valentia Road, Wharton Road, Wilberforce Street, Windsor Street, Woodlands Road.

The titles of the Orders which would introduce these alterations are The City of Oxford (Various Streets Headington) (Waiting Prohibitions and Parking Places) Order 1992, the City of Oxford (Headington) (Parking Places and Traffic Management) Order 1992, and the City of Oxford (Valentia Road Estate Controlled Parking Zone and Adjoining Streets, Prohibition of Waiting) (Variation No. 4) Order 1992. Full details of the proposals may be seen on the plan which is available for inspection at my office at the address given below between the hours of 9 a.m. and 4 p.m. on Mondays to Fridays. A copy of the Orders mentioned above and of the Council's statement of reasons for proposing to make them may also be examined in my office between the hours mentioned above.

If you wish to object to the proposals you should send the grounds for your objection in writing to me at St. Aldate's Chambers, St.

Aldate's, Oxford by 24th August 1992. Any support for the proposals should also be sent to me by the same date.
