## LONDON BOROUGH OF TOWER HAMLETS

### *Town and Country Planning Act 1990*

Notice is hereby given that, in accordance with the provisions of section 69 of the Town and Country Planning Act 1990, which provides that every local planning authority shall from time to time determine which parts of their area are areas of special architectural or historic interest, the character or appearance of which it is desirable to preserve or enhance, and shall designate such area as "Conservation Areas" the Bow Neighbourhood of Tower Hamlets London Borough Council has designated the area listed and defined below as a conservation area.

A description of the area is as follows:

Extension to the Victoria Park Priority Conservation Area.

The revised boundary leaves the previous boundary where it crosses Old Ford Road to the east of Skew Bridge, and follows Old Ford Road eastwards, then turning north to meet the southern boundary of Birdsfield Wharf. From there it continues eastwards, following the southern boundary of Armagh Wharf until it meets Parnell Road. It follows Parnell Road north, to turn east along Jodrell Road, which it follows to its junction with Wick Lane. It follows Wick Lane south for a short distance, then to turn north, following the western boundary of the disused railway until it again meets the previous boundary of the Conservation Area.

The effect of designating an area as a Conservation Area is to require special attention to be paid to the character and appearance of the area in the exercise of planning functions in relation to any development of the area. In particular the local authority must publish from time to time proposals for the preservation and enhancement of all Conservation Areas. In addition, with only a few exceptions, it is unlawful to demolish any building in a Conservation Area without prior consent of the local planning authority or the Secretary of State for the Environment.

A plan showing the above area will be available for inspection during office hours at the following address: Bow Neighbourhood Centre, 1 Gladstone Place, Bow, London E3 5ES. (530)

## NORTHAMPTON BOROUGH COUNCIL

### PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990

#### *Northampton Borough Council, Conservation Area at Kingsley Road*

Notice is hereby given in pursuance of section 69 of the Planning (Listed Buildings and Conservation Areas) Act 1990 that the Northampton Borough Council have determined that the area described in the Schedule to this notice is an area of special architectural or historic interest the character or appearance of which it is desirable to preserve or enhance and have accordingly designated the said area as a Conservation Area.

The effect of the designation of the Conservation Area may be summarised as follows:

- (1) Where any application for planning permission for development of land in or adjacent to the Conservation Area is made to the Council and the development would, in the opinion of the Council, affect the character or appearance of the Conservation Area, the application will be subject to the special procedure for publicity in section 73 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
- (2) Anyone wishing to demolish a building or part of a building situate within the Conservation Area must first apply for

consent to demolition to the Council. Such an application must be made separately and not as part of an application for planning permission for redevelopment of the site. Some buildings may be exempt from this requirement.

- (3) Anyone wishing to cut down, top, lop, or uproot a tree situate within the Conservation Area must give six weeks prior notice of his intention to the Council. This requirement does not apply to trees already subject to a tree preservation order but the restriction contained in the tree preservation order continue to apply to such trees.

A map of the Conservation Area may be inspected, free of charge, during normal office hours at my offices at the Guildhall, St. Giles Square, Northampton.

#### SCHEDULE 1

##### *Extended City Centre Conservation Area*

The previously designated six Conservation Areas within Norwich City Centre have been extended and amalgamated to include all other areas of land and buildings within the mediaeval defensive boundary of the city, i.e., the city walls and River Wensum. This is now known as the City Centre Conservation Area and includes all land, buildings and structures within the following boundary:—

From the bank of the River Wensum at Oak Street the boundary runs in an easterly direction to follow the northern property boundary of No. 187 Oak Street. It crosses Oak Street and follows the southern side of Bakers Road. Continuing in an easterly direction it crosses St. Augustine's Street and follows the southern side of Magpie Road. Crossing Magdalen Street it continues in a south-easterly direction following the southern side of Bull Close Road to its junction with Silver Road. At Silver Road it turns southwards crosses Barrack Street and follows the line of the City Walls along the former River Lane (now within Jarrold's site) to the northern bank of the River Wensum. From here it follows the northern bank of the River Wensum in an easterly direction to Waterside where it links up with Barrack Street adjacent to Ketts Hill roundabout. It follows the western side of Bishop Bridge Road and continues in a southerly direction following the western side of Riverside Road. It crosses Prince of Wales Road and continues in a southerly direction following the eastern side of Riverside. Crossing Carrow Road it meets the eastern bank of the River Wensum at the Boom Tower. It crosses the River Wensum and follows the line of the City Walls in a south-westerly direction to King Street. Crossing King Street the boundary continues to follow the City Walls to where it meets Carrow Hill at the junction with Bracondale. It crosses Bracondale and follows the western side of Bracondale and southern side of Queens Road. Running north in a westerly direction it crosses the junctions with City Road, Hall Road, Brazengate and St. Stephen's Road. Continuing in a north-westerly direction it follows the western side of Chapelfield Road including The Crescent to Grapes Hill roundabout. At Grapes Hill it proceeds in a northerly direction following the eastern side of Grapes Hill and Barn Road to the Barn Road roundabout. At the roundabout it turns eastwards to St. Crispin's Bridge and then northwards following the eastern bank of the River Wensum to meet up with the line of the City Walls at Oak Street.

#### SCHEDULE 2

##### *Extended Bracondale Conservation Area*

The northern boundary of Bracondale Conservation Area has been amended to accord with the new City Centre Conservation Area. The revised northern boundary of Bracondale Conservation Area will follow the southern side of Queens Road and Bracondale from No. 179 Queens Road easterly to the junction of Bracondale with Carrow Hill. At this point it crosses Bracondale and follows the northern side of Carrow Hill to the City Wall and the line of the City Wall to King Street. It crosses King Street and continues following the City Wall to the River Wensum and crosses the river to link up with the existing Bracondale Conservation Area boundary adjacent to the eastern Boom Tower.

Bracondale Conservation Area has been extended in two places.

- (i) To include all land, buildings and structures at the western end of Carrow Works. The existing Bracondale Conservation Area boundary on the northern bank of the River Wensum is extended eastwards almost to the Boat House.
