WATER RESOURCES ACT

NATIONAL RIVERS AUTHORITY— SOUTH WESTERN REGION

Notice of applications for consent under Schedule 10

Notice is hereby given pursuant to Schedule 10 of the Water Resources Act 1991 that the following application has been made to the Secretary of State, Department of the Environment. Application ref. WS/157/5 at National Grid ref. (a) SW 7822 4092, (b) SW 7778 4118 and (c) SW 7789 4116, details proposals by National Rivers Authority, South Western Region to discharge treated mine water from pilot treatment plants near Wheal Jane Mine, Cornwall. The Cornish Tin Mine workings at Wheal Jane were closed in 1991. In 1992 an underground plug failed resulting in highly acidic metalliferous waters entering into the Carnon River. Since then the water draining from the mine system has been subjected to remedial treatment. This has resulted in a great improvement in the quality of water flowing into the River Carnon. The National Rivers Authority are proposing to construct a series of three pilot treatment plants to identify possible suitable treatment options for long term use.

Copies of this application may be inspected free of charge at all reasonable hours at the Authority Offices at Manley House, Kestrel Way, Sowton Industrial Estate, Exeter, Devon and also at Sir John Moore House, Victoria Square, Bodmin, Cornwall.

Any person who wishes to make representations about this application should do so in writing to: The Secretary of State, Department of the Environment, Room A404, Romney House, 43 Marsham Street, London SW1P 3PY, quoting the above ref. not later than 31st May 1994. (721)

Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force*?

Statutes in Force is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

Statutes in Force is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of **any** individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.
