## LAND COMPENSATION ACT 1973 (AS AMENDED)

The Secretary of State for Transport hereby gives notice that the public works detailed in the Schedule below were first used by public traffic on 17th April 1994, after the completion of carriageway alterations at the junction of the A4 with Heston Road, Lampton Road and Jersey Road.

Under Part 1 of the Land Compensation Act 1973 (as amended), there is a right to compensation in respect of any depreciation of more than £50 in the value of certain interests in land caused by the use of new or altered highways or the use of other public works and resulting from specified physical factors (noise, vibration, smell, fumes, smoke and artificial lighting and the discharge on to the land in respect of which the claim is made of any solid or liquid substance). Compensation is assessed by reference to prices current at a date 12 months after the works are first open to public traffic or, in the case of an altered highway, first open to public traffic after completion of the alterations.

Interests qualifying for compensation are specified in section 2 of the above-mentioned Act and there are special provisions relating to claims by mortgagees and persons entitled under trusts or settlements. However, no compensation can be paid under Part 1 where part of a property has been acquired for the purpose of constructing the highway.

Any person with a qualifying interest who considers he has a claim under the said provisions may obtain further information and claim forms from the London Office of the Highways Agency, Room C4/16, 2 Marsham Street, London SW1P 3EB. The publication of this notice does not necessarily mean that depreciation compensation will arise for the purposes of Part 1 of the above-mentioned Act.

Claims may be made 12 months after the works were first used after completion, that is, on or after 17th April 1995 (the first claim date). Claims should be made within six years from this date. However, any person who within the 12-months preceding that date makes a contract for disposing of his interest or (insofar as the interest is in land which is not a dwelling) for granting a tenancy may make a claim within that period and must do so before the interest is

disposed of or the tenancy granted. Compensation in such cases will not be payable before the first claim day.

*A. R. Mellors, a Grade 7 Official, London Office, Highways Agency.*

#### SCHEDULE

1. In the village of Egmanton, the Conservation Area encompasses most of the village and in places has been widely drawn to include a number of important open spaces. Starting at the most westerly part of the Conservation Area, on Kirton Road, the boundary runs north to include New Farm, then continuing east, to include four fields to the rear of properties on Kirton Road. North of Gaddick Hill, the boundary continues east, crossing Tuxford Road and then runs south to include North Farm and the grave yard, then rejoining Tuxford Road. From here the boundary runs south along Tuxford Road, then east along Western Road, before continuing south along Wood Lane. Skirting west, the boundary then includes most properties to the south of the village to join Laxton Road at the junction with Holme Lane. Finally, the boundary follows Holme Lane and then runs north along field boundaries to include Alpha Cottage on Kirton Road.

2. The Lowdham Conservation Area has been drawn widely to include the old village to the west of the A6097 and the landscape setting. Starting at St. Mary's Church the boundary skirts the boundary of the church yard but excluding the cemetery to the north. From here the boundary runs east along a pathway towards the A6097 including a clump of mature trees. Continuing south, the boundary follows the A6097 before turning west to Lamberly Road on the northern side of No. 8 Lambley Road. The boundary then follows Lambley Road, taking in No. 2 and 4 Lambley Road and continuing along Ton Lane to the A6097. It then continues south following the A6097 and then turns west to join Plough Lane to include the public house. Following Plough Lane the boundary then follows a footpath which cuts diagonally back towards the A6097. From here it runs south-west following a path to include Worlds End and then continuing in that direction to take in a large orchard, stream and paddock to the west of the village, to the rear of Lamberly Road. The boundary then joins Lamberly Road after following a field boundary due west of No. 37. Crossing Lamberly Road, the boundary runs to Cocker Beck to include Grove Farm and finishing at the church.

3. In South Clifton, the Conservation Area includes the majority of the village and its landscape setting. Beginning at the most northerly part of the village, at Wood View, the boundary runs south-east to Moor Lane and then continues south taking in all properties to the east of Front Street and the vicarage. From here the boundary runs west to the junction with Coal Yard Lane before running due west along field boundaries to include all properties south of Trent Lane. Finally the boundary runs north to include all properties to the north of Trent Lane and west of Back Street, returning to Wood View.

4. In South Scarle, the Conservation Area covers almost all the village with the exception of properties at the south and west of Main Street. Starting in the north at the sharp corner of Swinderby Road, the boundary includes all properties to the east of Main Street, joining Main Street along the driveway to Whitburn Cottage. The boundary then runs north along Main Street, turning west to include properties and fields along Church Lane. At the junction with the Collingham Road, the boundary then runs north and east taking in all properties, returning to the corner of Swinderby Road.

5. In Bulcote the existing Conservation Area boundary has been amended to exclude Nos. 23-33 (odd), The Spinney, in order to rationalise the boundary.

6. In Kirklington the Conservation Area boundary has been amended to include a field near Kirklington Mill which to the south is bounded by the River Greet. In addition, "Millbeck" on Southwell Road has been included to rationalise the boundary and a field east of Church Farm has been excluded due to the removal of a hedgerow. (787)

# Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force*?

*Statutes in Force* is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

*Statutes in Force* is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of any individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.
