#### WATER INDUSTRY ACT 1991: SECTION 19(1)(b)

The purpose of this notice is to inform consumers in parts of Dorking who might be affected by improvement work being carried out by East Surrey Water Plc at its Dorking Water Treatment Works. The Company has found through its water quality monitoring programme that water supplied by this works has on occasion not met the standard, as required by the Water Supply (Water Quality) Regulations 1989, for nitrite, although the water has at all times been, and remains safe to drink. Consequently the Secretary of State for the Environment notified the Company of his intention to carry out his duty under section 19 of the Water Industry Act 1991 and if necessary, order the Company to take appropriate steps to ensure that the water supplied will in future meet the standards required for nitrite.

The Company gave a legally binding agreement (called an undertaking) on 21st September 1994 to determine the most appropriate steps to take at the Dorking Water Treatment Works and, having done so, to provide a further agreement detailing this remedial work. The Company has fulfilled this obligation and submitted a further agreement detailing the remedial work to be completed by 31st July 1995. The Secretary of State is satisfied that the Company is complying with this further agreement and has informed the Company that he is satisfied by serving on them the notice printed below.

#### WATER INDUSTRY ACT 1991: SECTION 19(1)(b)

*The Secretary of State for the Environment*

1. is satisfied that East Surrey Water Plc "the Company" in supplying water from the Dorking Water Treatment Works has contravened and is likely to do so again its duty to supply wholesome water under section 68(1)(a) of the Water Industry Act 1991, and the requirement of Regulation 3(3)(c) of the Water Supply (Water Quality) Regulations 1989, that water supplied should not contain nitrite at a greater concentration than 0.1 mg/l.

2. has notified East Surrey Water Plc on 11th August 1994 that he is considering making in relation to the Company an enforcement order under section 18 of the Water Industry Act 1991.

3. notes that East Surrey Water Plc has on 17th February 1995 given an undertaking under section 19(1)(b) of the Water Industry Act 1991, in compliance with the requirements of the undertaking given on 21st September 1994, to take the following steps by the dates shown—

(i) carry out further investigative monitoring of water quality of Dorking Borehole 14 to ascertain nature and extent of possible agricultural pollution. To be completed by 30th June 1995.

(ii) provide Thames Region National Rivers Authority with the results of monitoring to facilitate that organisation's investigation of the source of pollution. To be completed by 30th June 1995.

(iii) offer a further undertaking, in the light of steps (1) and (ii), to carry out remedial work to secure or facilitate compliance with the nitrite standard. To be completed by 31st July 1995.

4. is satisfied that East Surrey Water Plc has given and is complying with an undertaking to take all such steps as appear to the Secretary of State for the time being to be appropriate to secure or facilitate compliance with the requirement of Regulation 3(3)(c) of the Water Supply (Water Quality) Regulations 1989.

Authorised by the Secretary of State to sign in that behalf.

*M. Rouse, Chief Inspector*

Details of the work being carried out are on the Company's public record which you may inspect at any of its offices open to the public during normal working hours.

You can find out about the work and whether your water supply is affected by telephoning the Water Company on 0737-772000, or writing to them at London Road, Redhill, Surrey RH1 1LJ; and quoting DoE reference number ES 017.

A copy of the undertaking can also be seen at the offices of the Director General of Water Services, City Centre tower, 7 Hill Street, Birmingham B5 4UA. Ref. No. LG6/01/DWI.

28th February 1995.

#### WATER INDUSTRY ACT 1991, SECTION 19(1)(b)

The purpose of this notice is to inform consumers in parts of Richmond and surrounding areas who might be affected by improvement work being carried out by Yorkshire Water Services Limited at its Middleham Water Treatment Works. The Company has found through its water quality monitoring programme that water supplied from this works has on occasion not met the standard, as required by the Water Supply (Water Quality) Regulations 1989, for trihalomethanes, although the water has at all times been, and remains safe to drink. Consequently the Secretary of State for the Environment has notified the Company that he will carry out his duty under section 19 of the Water Industry Act 1991 and if necessary, order the Company to take appropriate steps to ensure that the water supplied will in future meet the required standard for trihalomethanes.

The Company has given a legally binding agreement (called an undertaking) to carry out appropriate remedial work at Middleham Water Treatment Works to be completed by 30th September 1995. The Secretary of State is satisfied that the Company is complying with this agreement and has informed the Company that he is satisfied by serving on them the notice printed below.

#### WATER INDUSTRY ACT 1991, SECTION 19 (1)(b)

*The Secretary of State for the Environment*

1. is satisfied that Yorkshire Water Services Limited "the Company" when supplying water from its Middleham Water Treatment Works has contravened and is likely to do so again its duty to supply wholesome water under section 68(1)(a) of the Water Industry Act 1991, and the requirement of Regulation 3(3)(e) of the Water Supply (Water Quality) Regulations 1989, that samples taken from water supplied to the water supply zone in question have established that the average concentrations over the three preceding months of trihalomethanes (being the aggregate of the concentrations of trichloromethane, dichlorobromomethane, dibromochloromethane and tribromomethane) have not exceeded 100µg/l, or where (by virtue of regulation 13(3)) less than four samples were taken in any year, at least one sample contained a concentration of trihalomethanes in excess of 100µg/l.

2. has notified Yorkshire Water Services Limited on 26th July 1993, that he is considering making in relation to the Company an Enforcement Order under section 18 of the Water Industry Act 1991.

3. notes that Yorkshire Water Services Limited has on 20th February 1995, given an undertaking under section 19(1)(b) of the Water Industry Act 1991, to take the following steps by the dates shown:

(i) Investigation of options and selection of the preferred scheme. To be completed by 30th September 1995.

(ii) In the light of the investigation offer a further undertaking specifying the remedial work to be carried out. To be completed by 30th September 1995.

4. is satisfied that Yorkshire Water Services Limited has given and is complying with an undertaking to take all such steps as appear to the Secretary of State for the time being to be appropriate to secure or facilitate compliance with the requirement of Regulation 3(3)(e) of the Water Supply (Water Quality) Regulations 1989.

Authorised by the Secretary of State to sign in that behalf.

*M. Rouse, Chief Inspector*
