LONDON BOROUGH OF RICHMOND UPON THAMES

Planning (Listed Buildings and Conservation Areas) Act 1990 Extension of Conservation Areas

Notice is hereby given in pursuance of section 69 of the Planning (Listed Buildings and Conservation Areas) Act 1990, ("the 1990 Act") that the Council of the London Borough of Richmond Upon Thames, as Local Planning Authority, has extended the following Conservation Areas:

- Castlenau*, Conservation Area No. 25.
- Hampton Hill Street*, Conservation Area No. 38.

The consequences of the designation of an area as a Conservation area are that:

- (a) The Council is required to pay special attention to the desirability of preserving or enhancing the character or appearance of it in the exercise of any powers under the 1990 Act, Part 1 of the Historic Buildings and Ancient Monuments Act 1953, the Local Authorities (Historic Buildings) Act 1962 and the Town and Country Planning Act 1990.
- (b) Any building within a conservation area not being a building falling within any of the exempt categories shall not be demolished without the consent of the Council.
- (c) Exempted buildings are listed buildings (which cannot be demolished without consent in any event) as defined by the 1990 Act, excepted buildings within the meaning of section 60 of the 1990 Act, and buildings in relation to which a direction under section 75 of the 1990 Act, is for the time being in force. The exemption of certain categories of buildings from control of demolition under section 75 of the 1990 Act, does not affect the provisions of other legislation controlling demolition of such buildings.

(An application for consent to the demolition of a building (other than an exempted building) in a conservation area shall be made to the Council as a separate application and not as part of an application for planning permission to redevelop the site of the building).

- (d) Pursuant to section 211 of the Town and Country Planning Act 1990, any person who cuts down, tops, lops, uproots, wilfully damages or wilfully destroys any tree in a conservation area or authorises such action, without the Council's specific consent will become liable to prosecution and the owner will become liable to replant a tree of appropriate size and species, unless at least 6 weeks notice of such action has been given to the Council.

There are certain exemptions to these provisions which, inter alia, exempt trees which are dying or dead or have become dangerous, fruit trees cultivated for fruit production and trees which do not exceed approximately three inches in diameter.

A map showing the extensions to the above Conservation Areas is available for inspection at the Planning and Building Control Section, Civic Centre, 44 York Street, Twickenham, where further information on this matter may be obtained and to which applications should be addressed.
