Cefuroxime Injection 750 mg	Cefuroxime Sodium 789.000 mg	for the treatment of infections before the infecting organism has been identified or when caused by sensitive bacteria. Cefuroxime may be used for the treatment of the following infections: Respiratory tract: Acute and chronic bronchitis, infected bronchiectasis, bacterial pneumonia, lung abscess and post-operative chest infections. Ear, nose and throat infections: Sinusitis, tonsillitis and pharyngitis. Urinary tract infections: Acute and chronic pyelonephritis, cystitis and asymptomatic bacteriuria. However under the appropriate conditions it may be used with an aminoglycoside antibiotic or metronidazole. In certain situations where mixed aerobic and anaerobic infection is suspected such as peritonitis, aspiration pneumonia, abscesses in the lung, pelvis and brain or are likely to occur, for example in association with colorectal or gynaecological surgery, cefuroxime can be administered with metronidazole. Most of these infections will respond to an intravenous regimen of cefuroxime (750 mg) plus metronidazole infection (500 mg/100 ml) administered eight hourly. In more severe or well established mixed infections, an intravenous regimen of cefuroxime (1.5 g) plus metronidazole injection (500 mg/100 ml) eight hourly may be indicated. For the prophylaxis of infection in surgery (eg colorectal and gynaecological) a single dose of 1.5 g cefuroxime plus metronidazole injection (500 mg/100 ml) is appropriate. Alternatively, this may be followed by two 750 mg doses of cefuroxime plus metronidazole. Bacteriology Cefuroxime is highly active against <i>Staphylococcus aureus</i> , including strains which are resistant to penicillin (but not the rare methicillin-resistant strains), <i>Staph. epidermidis</i> , <i>Haemophilus influenzae</i> , <i>Klebsiella</i> spp., <i>Enterobacter</i> spp., <i>Streptococcus pyogenes</i> , <i>Escherichia coli</i> , <i>Str. mitis</i> (viridans group), <i>clostridium</i> spp., <i>Proteus mirabilis</i> , <i>Pr. rettgeri</i> , <i>salmonella typhi</i> , <i>S. Typhimurium</i> and other salmonella spp., <i>Shigella</i> spp., <i>Neisseria</i> spp. (including β -lactamase producing strains of <i>n. Gonorrhoea</i>) and <i>bordetella pertussis</i> . It is also moderately active against strains. Prescription Only Medicine. See PL 4569/0273.	12th April 1996

OFFICE OF TELECOMMUNICATIONS

Proposed modification of the Licences of AT&T Communications (UK) Ltd., Ionica L3 Ltd., Mercury Personal Communications Ltd., MFS Communications Ltd., Orange Personal Communications Services Ltd., Racal Network Services Limited, Scottishpower Telecommunications Ltd., Sprint Holding (UK) Ltd. (now Global One Communications Holding Ltd.), SWEB Telecom Limited, Telecom Securicor Cellular Radio Limited, Torch Communications Ltd., Videotron City and Westminster, Worldcom International Inc.

1. The Director General of Telecommunications (the "Director") in accordance with section 12 (2) of the Telecommunications Act 1984 (the "Act") hereby gives notice that he proposes to make modifications to the licences granted to:

AT&T (UK) Ltd. on 20th December 1994

Ionica L3 Ltd. on 9th February 1993

Mercury Personal Communications Ltd. on 9th May 1995

MFS Communications Ltd. on 24th September 1993

Orange Personal Communications Services Ltd. on 27th July 1995

Racal Network Services Limited on 2nd September 1994

Scottishpower Telecommunications Ltd. on 24th September 1993

Sprint Holding (UK) Ltd. (now Global One Communications Holding Ltd.) on 31st March 1994.

SWEB Telecom Limited on 15th September 1995

Telecom Securicor Cellular Radio Limited on 22nd March 1994

Torch Communications Ltd. on 8th February 1996

Videotron City and Westminster on 3rd March 1994

Worldcom International Inc. on 31st March 1994.

2. The principal modification which the Director proposes to make is the substitution of a new Condition "Public Call Box Services" for the existing provision (appearing as Condition 16, 17, 21 or 26, as the case may be, in the Licences). The effect of the proposed modification is to:

- (i) remove the existing requirement for the Director to determine that there is a reasonable demand for call box services before such services may be provided at any given location;
- (ii) remove the requirement for the Licensee to install public call boxes in accordance with published guidelines approved by the Director and to provide or permit the provision of call box services at such boxes and instead to impose an obligation on the Licensee to maintain the provision of such services at any public call box at which it provides them or permits them to be provided until such services cease to be provided in accordance with the new Condition;
- (iii) require the display of a notice in public call boxes specifying the minimum charge for calls, the means by which the charge may be paid, the rate applicable, the location of the public call box for emergency purposes, that the Licensee or other person referred to in the notice will deal with complaints, that emergency calls are free and whether incoming calls are available;
- (iv) remove the current detailed restrictions governing the circumstances in which the Licensee is entitled to cease providing call box services at a public call box, including in certain cases the obligation to obtain the agreement of the Director to such cessation and instead to entitle the Licensee to cease to provide or to secure the provision of such services if it has displayed in the call box a notice in accordance with the new Condition and the period mentioned in the notice (which must not be less than 42 days) has expired;
- (v) remove the requirement that prepayment apparatus installed in public call boxes is approved under the Act.

The requirement for the Licensee to provide telephones capable of being used in conjunction with hearing aids will remain. The Director also proposes to make a number of modifications consequential on the principal modification mentioned above.

3. The Director proposes to make the modifications described above because having been charged with keeping the provision of public call box services under review he has concluded that these

detailed restrictions are inhibiting the development of the public payphone market. The purpose of the modifications is therefore to deregulate the position as far as possible consistent with the needs of users. This is also a convenient opportunity to transfer the requirement to display consumer information on public payphones from the approval regime under section 22 of the Act to a licence obligation. These changes will not affect the obligations of BT and Kingston Communications whose licences carry universal service obligations requiring them to maintain reasonable access to public call boxes and imposing strict rules governing the cessation of public call box services at individual boxes. Nor will the changes affect the existing requirements of planning law as applicable to the siting etc. of public call boxes.

4. The Director is required by section 12(2) of the Act to consider any representations or objections which are duly made and not withdrawn. Following such consideration and the consent of the Licensees to the modifications, the Director proposes to make the modifications forthwith.

5. Representations on or objections to the proposed modifications and comments on such representations or objections may be made to Glenn Fisher, OFTEL, 50 Ludgate Hill, London EC4M 7JJ (telephone 0171-634 8824) by Wednesday, 29th May 1996. Comments on such representations and objections may also be made by Wednesday, 12th June 1996. If it is not lengthy, written material may be sent by e-mail to: press.office.oftel@gtnet.gov.uk.

Any confidential material should be clearly marked as such and separated out into a confidential annex. All responses except for confidential material will be made available for inspection in OFTEL's library. OFTEL encourages interested parties to place the non-confidential parts of their responses on their own Internet pages, in addition to sending OFTEL, a hard copy.

6. Copies of the proposed modifications can be obtained by telephoning Rosemary Buck, Jane King or Niall Horgan at the above address on 0171-634 8822/8861/8862. (2 SI)
