ROYAL BOROUGH OF WINDSOR AND MAIDENHEAD

TOWN AND COUNTRY PLANNING ACT 1990

PLANNING (LISTED BUILDING AND CONSERVATION AREAS) ACT 1990
SECTION 70 (8)

Designation of a Conservation Area

Notice is hereby given, pursuant to Section 70(8) of the Planning (Listed Buildings and Conservation Areas) Act 1990, that at its meeting held on 17th June 1996 the Planning Board of the Council of the Royal Borough of Windsor and Maidenhead resolved to amend the designated boundaries of the Conservation Area at Eton being an area in the said Royal Borough.

The main changes to note are the inclusion of the large area of land off Eton Wick Road known as Beckynton field including the canteen/refectory. The area now includes the area on the Brocas which was once the site of the sports pavilion and a slight amendment at Barnespool Bridge to bring the boundary in tighter along the lane off Baldwin's Shore. The boundaries are now as follows;

North: The northern boundary runs from the Pound on Eton Wick Road to follow the boundaries of Burnham Thorpe, Villiers house and Babylon and joins the end of Common Lane. It then follows the rear boundaries of Colenorton End to meet Colenorton Brook, which it follows until turning to follow the rear boundary of Five Courts to meet the rear Boundary of Wotton House and The

Timbralls. After crossing Slough Road it follows the rear boundary of Wall Cottage and encloses the Cloister Buildings and adjacent gardens.

East: The boundary follows the southern boundaries of the gardens on Baldwin's Shore and the eastern boundary of the lane which comes off Baldwin's Shore. The boundary turns 90 degrees to run east to follow the brook across Tangier Lane to join the western bank of Mill Race and joining the northern bank of the River Thames.

South: The southern boundary follows the northern bank of the River Thames until meeting the western edge of the boat houses.

West: The boundary runs from the western boundary of the boat houses on the River Thames, to follow the front boundary of Brocas Terrace until meeting Meadow Lane. It then follows the southern edge of the Lane until cutting across to Eton Court to include the car park. From Eton Court the boundary follows the rear of the properties from Eton Court House to no. 138 the High Street. The boundary then turns to include South Lawn and to meet Keats Lane. From Keats Lane it follows the rear boundaries of the Eton College buildings along the edge of the Recreation Ground, and then turns to follow the western boundary of Mustians until meeting Eton Wick Road. The boundary follows the southern edge of the road until crossing the road to follow the western wall of the pound.

The effect of designation is that special attention should be paid to the desirability of preserving or enhancing the character or appearance of the area designated. In particular, controls are applied regarding the demolition of buildings. Certain other controls are also imposed in respect of the display of advertisements and the felling, topping and lopping etc. of trees within the areas. Penalties apply in the event of violations against controls.

The map showing the Conservation Area, also a written statement describing it and indicating the effect of this designation are deposited at the Town Hall, St. Ives Road, Maidenhead, the Council Offices at York House, Sheet Street, Windsor, and Eton Town Council Offices and may be inspected at any of these offices during usual business hours.
