ENVIRONMENT AGENCY

Notice of application to vary three licences to abstract water

Take notice that Dwr Cymru Cyfyngedig of Plas y Ffynnon, Cambrian Way, Brecon, Powys, is applying to the Environment Agency to vary licence Serial No. 19/55/18/201 which authorises the abstraction of water from the River Wye at Monmouth in the County Borough of Monmouthshire, at National Grid Reference SO514129. This abstraction is known as the Mayhill abstraction.

In addition take notice that Dwr Cymru Cyfyngedig of Plas y Ffynnon, Cambrian Way, Brecon, Powys, is applying to the Environment Agency to vary licence Serial No. 19/55/18/408 (known as the Wye Transfer licence) which also authorises an abstraction from the River Wye at Monmouth in the County Borough of Monmouthshire, but at National Grid Reference SO51671316.

In addition, take notice that Severn Trent Water Ltd., of 2297 Coventry Road, Birmingham, is applying to the Environment Agency to vary licence Serial No. 19/55/18/375 (known as the Lydbrook Intake licence) which also authorises an abstraction from the River Wye but at Lydbrook in the parish of Ruardean, in the district of the Forest of Dean, in the county of Gloucestershire, at National Grid Reference SO60151757.

All three abstraction licences are for water undertaking purposes of public water supply.

The proposed variations divide into two parts and both seek to reallocate the quantities authorised under the existing licences referred to above. The proposals do not require any additional abstraction of water beyond that already authorised. The existing abstractions are already supported by river regulation releases from the Elan Valley Reservoirs during periods of low flow, and the proposed variations will continue to be supported by similar releases. The two water companies consider this to be a sensible use of existing water resources which does not have any greater environmental impact than the existing authorised arrangements.

The first proposal will allow for Dwr Cymru Cyfyngedig to increase the daily authorised abstraction at the Mayhill abstraction from 3,410 cubic metres per day to 6,000 cubic metres per day and the authorised annual abstraction from 1,248,000 cubic metres per annum to 2,190,000 cubic metres per annum.

The increases on the Mayhill abstraction licence will be conditional on the sum of the Mayhill and the Wye Transfer abstractions not exceeding the existing authorised amounts.

The second proposal involves the existing Severn Trent Water Ltd. abstraction at Lydbrook Intake.

There are occasions when the specified river regulation quantities released from the Elan Valley reservoirs at the head of the River Wye, are greater than Dwr Cymru Cyfyngedig needs to abstract at both the Mayhill intake and the Wye Transfer intake. On those occasions it is proposed that Severn Trent Water Ltd. will be able to abstract the identified surplus river regulation water at the Lydbrook Intake, but subject to the maximum conditions already identified in its existing licence.

A copy of the application and any map, plans and other document submitted with it may be inspected, free of charge, at all reasonable hours at the Wyesham Post Office, 18-20 Wyesham Road,

Monmouth, and at the offices of the Forest of Dean District Council, High Street, Coleford, Gloucester, between 6th September 1996, and 6th October 1996.

Any person who wishes to make representation about the application should do so in writing to the Area Water Resources Manager of the Environment Agency, South Eastern District, Rivers House, St. Mellons Business Park, St. Mellons, Cardiff CF3 0LT, before the end of the said period.

M. Brooker, on behalf of Dwr Cymru Cyfyngedig and
