Copenhagen, Aug. 29. Yesterday being the Birthday of the Queen and of the Princels the King's Sifter, was celebrated at Court. On the 27th and Yefferday the Muscovite Cavalry arrived in their Camp near this City. Two Days ago arrived Commadore Tornschield from Norway, in a Man of War, with two of the King's Gallies. He took before Gotten-bourg a Swedish Privateer of 8 Guns, and burnt another Ship before that Port. The Fleet of the Northern Allies continues cruif. ing near Bornholm, while the Merchant Ships proceed on their respective Voyages. 'Tis confirmed that the Swedish Fleet having fe-'Tis parated, is retired part into Carlfcroon, and the reft into Carlshaven. We expect with the first fair Wind the Russian Troops from Pomerania and Mecklenbourg, it not being doubted that the Transports which failed from hence some Days ago are arrived there, and the Czar himself is there to hasten the Imbarkation. For some Days past Workmen have been employed in cutting level almost with the Water, two large Ships which formerly were used in Voyages to the Indies; and they are now to ferve as flat Veffels on which Batteries are to be placed, in the intended Descent. 'Tis faid Vice Admiral Judicher will have the Direction of the faid Descent, as Admiral Seefledt had of that on the life bf Rugeri.
