ENVIRONMENT AGENCY

Notice of application for consent for the purposes of section 88

Notice is hereby given, in accordance with Schedule 10 of the above Act, that an application has been made to the Environment Agency by Severn Trent Water Limited for consent to discharge sewage in an emergency to a tributary of the Kingston Brook at National Grid Reference SK60252685 from Wysall Sewage Pumping Station, Costock Road, Wysall, Nottinghamshire.

- Facilities shall be provided so that a mobile stand-by generator may readily be installed at the pumping station in the event of electrical failure.
- The duty pump shall be maintained in good working order and at least one stand-by pump shall be provided and maintained.
- Screens shall be provided to ensure removal of gross solids.
- Storage capacity equivalent to at least 6 hours at the dry weather flow rate shall be provided at the pumping station.

Any person who wishes to make representations about the application should do so in writing to the Area Consents Officer at the Agency's offices at Trentside, Scarrington Road, West Bridgford, Nottingham NG2 5PA, during the period 6th October 1997 to 17th November 1997, quoting reference WA/LT/81038.
