DEPARTMENT OF THE ENVIRONMENT, TRANSPORT AND THE REGIONS

WATER INDUSTRY ACT 1991—SECTION 19(1)(B)

Consumers supplied by Cambridge Water Company in and around the Melbourn area in Cambridgeshire might be affected by improvement work in Heydon Water Supply Zone. The following briefly explains the content of the legal notice below.

Water supplied in this zone does not always meet the drinking water quality standard for trichlorethene. These failures do not make the water unsafe to drink at any time.

The Drinking Water Inspectorate (DWI) acting for the Secretary of State has required the Company to take action to improve the quality of the supply to consumers by 31st March 1999.

Details of this work are on the Company's public record which can be seen at any of its offices open to the public during normal working hours. You can find out about the work and whether your water supply is affected by telephoning the Company on 01223-247351, or writing to them at Cambridge Water Company, 41 Rustat Road, Cambridge CB1 3QS, and quoting DW1 reference number CA 010.

This notice has been issued by the Drinking Water Inspectorate, Romney House, Marsham Street, London SW1P 3PY.

WATER INDUSTRY ACT, SECTION 19(1)(B)

The Secretary of State for the Environment, Transport and the Regions:

1. is satisfied that Cambridge Water Company "the Company" in supplying water in Heydon Water Supply Zone is contravening and is likely to do so again its duty to supply wholesome water under section 68(1)(a) of the Water Industry Act 1991, and the requirement of regulation 3(3)(d) of the Water Supply (Water Quality) Regulations 1989 that water supplied should not exceed the prescribed trichlorethene concentration of 30 microgrammes per litre.

2. has notified Cambridge Water Company on 29th July 1997, that he is considering making in relation to the Company an enforcement Order under section 18 of the Water Industry Act 1991.

3. notes that Cambridge Water Company has on 4th September 1997, given an undertaking under section 19(1)(b) of the Water Industry Act 1991 to take the following steps by the dates shown:

(I) To achieve a significant reduction in the trichlorethene concentration in the part of the zone supplied from the Morden Grange source.

(a) Investigate suitable treatment methods for removal of trichlorethene. To be completed by 30th January 1998.

(b) pilot trial of treatment process to fully design parameters for the treatment plant. To be completed by 31st July 1998.

(c) detailed design of the treatment plant. To be completed by 30th October 1998.

(d) construction and installation of the treatment plant at the Morden Grange source. To be completed by 31st March 1999.

(II) At agreed intervals provide DWI with reports on the progress made in carrying out work in accordance with this undertaking. Reports to include as a minimum the following:

(a) whether the scheme is on schedule;

(b) details of any difficulties encountered in carrying out the scheme and reasons for the difficulties, particularly if they are likely to cause delay to completion of the scheme.

Reports due by 28th February 1998, 31st August 1998, 30th November 1998 and 28th February 1999.

4. is satisfied that Cambridge Water Company has given and is complying with an undertaking to take all such steps as appear to the Secretary of State for the time being to be appropriate to secure or facilitate compliance with the requirement of Regulation 3(3)(d) of the Water Supply (Water Quality) Regulations 1989.

Authorised by the Secretary of State to sign in that behalf

M. Rouse, Chief Inspector, Drinking Water Inspectorate. (DWI Ref. CA 010).

(Ref. E1628/01/DWI.)

October 1997.

WATER INDUSTRY ACT 1991—SECTION 19(1)(B)

Consumers supplied by Northumbrian Water Limited in the Crawcrook and Ryton areas of Gateshead might be affected by improvement work at Greenside 1 and 2 Services Reservoirs. The following briefly explains the content of the legal notice below.

Water supplied in this zone does not always meet the drinking water quality standard for faecal coliforms. These failures do not make the water unsafe to drink at any time.

The Drinking Water Inspectorate (DWI) acting for the Secretary of State has required the Company to take action to improve the quality of the supply to consumers by 31st March 1998.

Details of this work are on the Company's public record which can be seen at any of its offices open to the public during normal working hours. You can find out about the work and whether your water supply is affected by telephoning the Company on 0191 383 2222, or by writing to them at Northumbrian Water, Head Office, Abbey Road, Pity Me, Durham DH1 5FJ.

This notice has been issued by the Drinking Water Inspectorate, Romney House, Marsham Street, London SW1P 3PY.

WATER INDUSTRY ACT, SECTION 19(1)(B)

The Secretary of State for the Environment, Transport and the Regions:

1. is satisfied that Northumbrian Water Limited "the Company" in supplying water from Greenside 1 and 2 Service Reservoirs has contravened and is likely to do so again its duty to supply wholesome water under section 68(1)(a) of the Water Industry Act 1991, and the requirement of regulation 3(7) of the Water Supply (Water Quality) Regulations 1989 that water supplied should not contain faecal coliforms.

2. has notified Northumbrian Water Limited on 14th May 1997, that he is considering making in relation to the Company an enforcement Order under section 18 of the Water Industry Act 1991.

3. notes that Northumbrian Water Limited has on 17th September 1997, given an undertaking under section 19(1)(b) of the Water Industry Act 1991 to take the following steps by the dates shown:

Determine the reasons for non-compliance with the faecal coliform parameter and carry out improvements to achieve or facilitate compliance as necessary. To be completed by 31st May 1998.

At regular intervals provide DWI with reports on progress made in carrying out this project. Due dates for reports are 30th September 1997, 31st December 1997 and 31st March 1998.
