WATER INDUSTRY ACT 1991, SECTION 20

The following notice affects consumers of Thames Water Utilities Ltd. in the Deddington water supply zone, which includes the Wroxton, Hook Norton, Steeple Aston and Stratton Audley areas, who receive water supplies from Shenington service reservoir.

The steps Thames Water has carried out to secure compliance with the total coliforms standard in water supplies from Shenington service reservoir have not been successful.

The Secretary of State is therefore proposing to make an Enforcement Order requiring Thames Water to carry out necessary

works to secure compliance. These works are to be identified by investigations to be carried out by an independent consultant.

The failures to comply to date have not made the water unsafe to drink.

WATER INDUSTRY ACT 1991, SECTION 20

The Secretary of State for the Environment hereby gives notice as required by section 20(1) of the Water Industry Act 1991 ("the 1991 Act") that:

1. he proposes to make a Final Enforcement Order under section 18 of the 1991 Act requiring Thames Water Utilities Ltd. ("the Company):

(a) to commission an independent consultant to review, investigate and report by 31st March 1998, on the adequacy of steps taken previously by the Company to secure or facilitate compliance with the Water Supply (Water Quality) Regulations 1989, as amended in 1989 and 1991 ("the Regulations"), the cause of recurring contraventions, the options available and time required for steps to be taken to rectify the cause, and the most appropriate option to secure compliance at Shenington service reservoir;

(b) to provide a copy of the consultant's report to the Drinking Water Inspectorate within seven days of its receipt by the Company;

(c) to carry out, or cause to be carried out, the most appropriate option, within the time specified by the independent consultant; and

(d) to provide a detailed report on progress to the Drinking Water Inspectorate by no later than the last day of each calendar month in respect of the works carried out in accordance with (c) above during the previous calendar month.

2. the proposed Order is made for the purpose of securing compliance with the requirement in section 68(1)(a) of the 1991 Act to supply only water which is wholesome at the time of supply;
3. the Company supplied water which was unwholesome by virtue of the presence in it on transfer from Shenington service reservoir of total coliforms in excess of the prescribed concentration for total coliforms in the Regulations in more than 5 per cent. of samples and is likely to do so again;
4. the Company gave an undertaking on 23rd August 1993, to identify the cause of the contraventions. It gave further undertakings on 25th May 1994 and 22nd December 1995, to take specified steps to secure or facilitate compliance with the prescribed concentration for total coliforms;
5. although the steps have been completed the Company has failed to secure compliance with the total coliforms standard and it is not appropriate to accept a new undertaking from the Company;
6. representations or objections with respect to the proposed Order may be made by 5th January 1998, and should be addressed to:

O. Hydes, Deputy Chief Inspector, Drinking Water Inspectorate, Room B148B, Romney House, 43 Marsham Street, London SW1 3PY. (26 SI)
