WATER RESOURCES ACT 1991 (AS AMENDED BY THE ENVIRONMENT ACT 1995) SCHEDULE 10

NOTICE OF APPLICATION FOR CONSENT FOR THE PURPOSES OF SECTION 88

Notice is hereby given, in accordance with Schedule 10 of the Water Resources Act 1991, that the following application has been made to the Environment Agency, South West Region

Wessex Water Services Ltd have applied for consent to discharge from a new Sewage Treatment Works (STW) at Home Farm, Lower Wraxall, South Wraxall, Wiltshire. The proposed new STW will treat sewage from the first time sewerage schemes for the villages of Lower and South Wraxall and will eliminate unsatisfactory septic tank discharges in the area. The works will consist of fine screening and an activated sludge/membrane filtration treatment plant, producing final effluent of a very high quality. A pumping station at the STW, required to lift flows to the treatment plant, may discharge in the event of an emergency resulting from an unavoidable electrical or mechanical breakdown of the pumping station

| Reference | Site Name | Receiving Water | Outlet NGR |
|-----------|-------------------|-----------------|--------------|
| 100984 | South Wraxall STW | Charfield Brook | ST 8362 6397 |

Details of the proposal are contained in the register held by the Agency at its office in Rivers House, East Quay, Bridgwater, Somerset TA6 4YS, and may be inspected, free of charge, from 9.30 a.m. to 4.30 p.m., Monday to Friday inclusive. Enquiries by telephone may be made from 9 a.m. to 5 p.m., Monday to Friday inclusive on 01392 444000, extension 2610

Any person who wishes to make representations or requires further details about the application should do so in writing to Regional Water Quality Manager, Environment Agency, South West Region, Manley House, Kestrel Way, Sowton Industrial Estate, Exeter, Devon EX2 7LQ, quoting the above reference number, not later than 9th September 1999 (483)

Environment Agency—South West Region

WATER RESOURCES ACT 1991 (AS AMENDED BY THE ENVIRONMENT ACT 1995) SCHEDULE 10

NOTICE OF APPLICATION FOR CONSENT FOR THE PURPOSES OF SECTION 88

Notice is hereby given, in accordance with Schedule 10 of the Water Resources Act 1991, that the following application has been made to the Environment Agency, South West Region

South West Water Ltd have applied for consent to discharge sewage effluent under storm and emergency conditions from Grange Court Combined Sewer Overflow (CSO)

| Reference | Site Name | Receiving Water | Outlet NGR |
|-----------|---------------------|----------------------------|--------------|
| 201073 | Grange Court CSO/EO | Clennon Valley Watercourse | SX 8886 5908 |

This overflow forms part of the Torbay Sewerage Scheme which will transfer sewage to the proposed new sewage treatment works (STW) at Brokenbury Quarry. During periods of wet weather sewage flows arriving at the STW will exceed the treatment capacity of the STW. These excess flows can be stored in part of the existing Sharkham Tunnel and a new tunnel connecting to the STW. Additional storage will also be provided in a proposed 1,000 cubic metre tank at Grange Court. In combination with the tunnels this will provide a maximum storage volume of 11,700 cubic metres. During prolonged or heavy storms the storage at Grange Court will be filled and excess flows will spill via the

proposed new overflow at Grange Court to the Clennon Valley watercourse. This is predicted to happen once per year on average.

In the event of prolonged failure of the uplift pumps at Brokenbury Quarry, the Grange Court overflow, in conjunction with the overflows at Hopes Nose, Oxen Cove, and Clennon Valley outfall, may discharge screened sewage once the available storage at these installations is filled. The total storage is sufficient to prevent spillage at Grange Court for up to 48 hours in dry weather following failure of the uplift pumps.

Details of the proposal are contained in the register held by the Agency at its office in Exminster House, Miller Way, Exminster, Exeter EX6 8AS, and may be inspected, free of charge, from 9.30 a.m. to 4.30 p.m., Monday to Friday inclusive. Enquiries by telephone may be made from 9 a.m. to 5 p.m., Monday to Friday inclusive.

Any person who wishes to make representations or requires further details about the application should do so in writing to Regional Water Quality Manager, Environment Agency, South West Region, Manley House, Kestrel Way, Sowton Industrial Estate, Exeter, Devon EX2 7LQ, telephone 01392 444 000, extension 2604, quoting the above reference number, not later than 9th September 1999 (484)
