Rome, October 9.

N Sunday last the Pope held a publick Chappel in the Church of Santa Maria Sopra la Minerva, and affifted with the College of Cardinals at the finging of Te Deum for the Victory obtained by the Imperialists over the Turks, and for the taking of Belgrade: In the Evening there were publick Rejoycings on this Occasion throughout the City; and two Days after Mass was said in all the Churches, for the Souls of those who were killed in the several Actions of this Gampaign against the Turks. Don Alexander Albani is gone to Castel Gandolfo, to see to the fitting up of that Palace for the Reception of the Pope, who goes thither next Week for the Benefit of the Air. The Abbot Chevalier, who was sent hither by the Court of Erange about the Affin of the Pope's France, about the Affair of the Pope's Constitution or Bull against Father Quefnel's Book, is set out on his Return to 'Tis advised from Messina, that the Pope's Gallies which ferved this Summer with the Venetian Fleet in the Levant, are performing Quarantine there; and that the Portuguese Squadron is also in that Port.

Vienna, Ott. 16. 'Tis confirmed that the Imperialists have failed in their Enterprize on the Castle of Zwornick in Bosnia, of the Strength of which Place Prince Eugene appears to have been misinformed; for the first Detachment for the Attack of it consisted only of 5 or 600 Men, who were afterwards reinforced by about 2000 more; and on Advice of the Turks assembling, in order to relieve it, a third Detachment was made; but before its Arrival the Imperialists had already, on the Approach of a Body of between 15 and 20000 Turks, raised the Siege, and abandoned their Baggage, making their Retreat so late that the Turks had Time

to, fall upon their Rear, to kill 2 or 200 Men, and to take two of their Cannon. Numan Bashaw Kiuprogly, whom the Bosnians last Autumn desired for their Bashaw, commanded that Body of Turks. He also commanded in the late Defeat of the 5000 Croatians; and by these two Actions has acquired Reputation in his Province. There is Advice from the Frontiers, that the late Vizier Halil Bashaw was cut in Pieces by the Soldiery, who in his flead have fet up Ali Bashaw Mactoul Oglu, Son of the famous Cara Mustafa Bashaw, who laid Siege to this City of Vienna in 1683. He is a Man of about 40 Years of Age, faid to be of mean Parts, but has the Character of being a good Horse-Officer and couragious, having distinguished himself in pushing the Muscovite Cavalry in their Retreat before the Action on the Purth. This new Vizier having lately dispatched an Aga to Prince Eugene, with an Overture of Peace, M. Talman, who was formerly the Emperour's Resident in Turkey, is gone from hence to confer with that Aga at Belgrade: In the mean time Prince Eugene stops at Esseck, and 'tis thought will delay his coming hither till he knows the Refult of those Conferences. The Electoral Prince of Saxony is ill of an Ague, and has not been out of the Cardinal of Saxe-Zeits's House since his Arrival. On the 11th he fent for the Pope's Nuncio to come and say Mass before him; the Nuncio attending, his Highness went with him to the Chapel, and passing through his Antichamber where the Polish and Saxon Gentlemen of his Retinue were waiting, he spoke to the former to accompany him to Mass, and faid to the others that he would pray to God to open their Eyes, as he had opened his fome Years ago.
