Madrid, December 6.

HE King has not yet appeared abroad, but receives the Vifits of the Nobility in the Palace, and has admitted the Duke of Escalona Mayordomo Major to kils his Hand, upon being recalled from his Ba nifhment. A Form of Government, agreeable to the Laws of Cattile, is rewly fettled for the Island of Sardinia, which was formerly go vern'd by the Laws of Arragon. Mr. Bubb, late Envoy of his Britannick Majefty at this Court, will fet out to Morrow on his Return to England.

Berne, Dec. 15. The Baron de la Tour, Chief Minister to the Abbot of St. Gall, has written hither again fince the Death of his Mafter, to acquaint this State, that he believ'd this Accident would be no Hindrance to the opening of the Conference fix'd for the 6th of January, and that the Chapter would proceed to the Election of another Abbot be fore Christmas. It is suppos'd the Choice will fall upon one of the Members of the Chapter, and one Rodolphi, a Man of Learning and Temper, is talk'd of as the most likely to be chosen. The Deputies of this Canton who went lately to Arau to confer with those of Zurich, in order to settle Matters for a Conference with the Commissioners of the Abbot of St. Gall, are returned hither, and have fince given an Account of their Negociation to the Sovereign Council here : We are informed that at the faid Meeting at Arau, the Deputies of this Canton exhorted those of Zurich to think of an Accommodation at this Juncture, which had fo favourable an Appearance for them, intimating that this Canton of Berne was truly difposed to contribute to it upon rea fonable Conditions. It is said the Deputies of Zurich grew moderate upon this Intimation, and though they feemed to infift pofitively upon certain Points, it is thought they will prove more plyant in the Courfe of the Negociation. Thus it is hoped this trouble fome Affair will be made up at laft, and that the Death of the Abbot will rather facilitate than hinder an Accommodation; the rather because there is Ground to believe, that the Empercur will not any way obstruct it.

Paris, Dec. 25. On the 15th of this Month the States of Britany affembled. The Marshal de Montesquiou, who commands the Troops there, made a Speech, importing, that the King being informed that Province was not in a Condition to make the ulual Free Gift of three Millions, which it had hitherto advanced to him yearly, would not require more now than two Millions. This Speech being taken into Deliberation, the Clergy voted unanimously for the Supply, but the Nobility opposed it with great Warmth, and of 700 who were present, all but a few Gentlemen voted against it. The Duke de la Tremouille, who prefided, ufed great Endeavours to prevail with them to comply, but in vain. The Marshal de Mon-

But the fame Ferment appearing again among them on that Day, the Marshal told them he had Orders to dilmis the Assem-bly. 'Tis faid the third Estate feemed inclined to vote as the Clergy had done: And that the Opposition made by the Nobi-lity, proceeded from their Refentment of the Indignity with which they pretend fome of their Body were treated, who last Summer were imprifoned in the Baffile and at Vincennes, for fubscribing a Protestation against the deciding of the Dispute then on foot between the lawful and legitimated Princes of the Blood, otherwife than by a general Affembly of the States of the Kingdom. The Troops which are in Berry, Poston, and Lower Normandy, are ordered to march into Britany. The Earl of Stair, who has been lately indif-poled, is now much better.

We beg Leave to lay before your Majefty, that the greateft Part of the Titles which your British and Protestant Subjects of Ireland have to their Effates, are derived under the Attainders for the Rebellion in 1641, and 1688; and as the Irish by the forfeiture of their Estates became less able to put in Execution their treasonable Designs, so by corrupting the Blood of their Nobility, and depriving them and their Posterity of their hereditary Titles and Honours, by force of the Outlawries for High Treason, they have had less Power and Credit with their Followers to lead them into Rebel-And this was fo well understood, that lion. no Outlawry of any Perlon guilty of the Re-bellion in 1641, was reverfed until the Time of the Government of the late Earl of Tyrconnel about the Year 1687, when the Defign to extirpate the British and Protestant Interest, and to establish Popery as the National Religion, was openly and avowedly declared.

We do with the greatest Gratitude acknow, led, that fince your Majefty's auspicious Reign no Outlawry for either of the Rebellions of 1641, or 1688, has been reversed ; but a very bold and dangerous Atttempt having been lately made by Henry Power, Son of John telquiou feeing them in fuch a Dispositi- lately made by Henry Power, Son of John on, prorogued the Seffions to the 18th : Power, commonly called Lord Power, as we conceive,
