# Belgrade, April 22.

HE Place where the Congress is to be held for treating of a Peace between the Emperour and the Republick of Venice, and the Grand Seignior, was fettled the 19th Instant by the Baron of Henninghen, Lieutenant Collonel of the Regiment of Wirtemberg, fent for that Purpose by the Sieur Dalhman the Emperour's fecond Pleni potentiary, and a Turkish Aga, who met him at Passarowitz. The Imperial and Venetian Ministers are to Quarter in that Town, and the Turkish Plenipotentiaries will en amp at fome Diffince from it beyond a Country Seat where the Conferences are to be held, and near to which the English and Dutch Me-diators are likewise to encamp. The Turkish Plenipotentiaries left Nissa the 16th, in order to come into the Neighbourhood of Paffaro. witz, where they are expected this Day; and they feem fo earnest to carry on that Nego-ciation to good Purpose, that it may probably be so far advanced in a short Time as to prevent the Operations of the Campaign.

Naples, April 22. Several Pieces of Cannon have lately been fent to Capua, to be planted upon the Works of that Place, which have been confiderably augmented, and Care is taken to provide it with great Store of Ammunition and other Neceflaries for its Defence. The Imperial Forces that are to encamp in that Neighbourhood, are ordered to march with all Diligence, there being Advice that fome Spanish Men of War have been feen off of the Coasts of this Kingdom, and a Body of the Militia is fent towards Reggio for the Security of the Coasts of Calabria.

Leghorne, April 24. The Great Duke of Tufcany having thought it neceffary in the prefent Conjuncture to put his Territories into a Pofture of Defence, has given Orders for repairing the Fortifications of this Place, and fupplying the Magazines with Ammunition and other Stores of War. Several Paffes on the Frontiers are likewife to be fortified, and are to be guarded by Detachments drawn out of the Garrifons of Florence, Pifa and other Places.

Venice, April 29. A Felucca which came in here last Week from Luscina brings an Account, that Sig. Antonio Cavalli, who has lately fucceeded Sig. Baptista Vittuzi, as Captain of the Gulph, had met with three Turkish Privateers from Dulcigno, whom he had chafed into the very Port of Durazzo; but they retiring under the Cannon of the Caftle and the Wind being contrary, he could not come up with them. They write from Corfu, that the Venetian Captain General Pifani had fent out two Frigates to chale the Privateers of Dulcigno, which of late have infefted this Gulph. General Schulemberg was returned to Corfu from viewing the Fortifications of Preveza and Vonizza, which were put into fo good a Poflure of Defence, that tho' a Body of Tur-kilh Troops came in Sight of the Place laft mentioned, they thought fit to retire without | Lisbon,

making any Attempt. By a Ship newly come in from Smyrna we have an Account, that in the Divan which met at Adrianople, the Grand Signior being prefent, it was refolved to make Peace with the Emperour, and the Sultan was fo much bent upon it, that Prince Ragotzki preffing him to continue the War, incurred his Difpleafure to fuch a Degree, that it had like to have coft him his Life; and that M. Collier, Ambaffadour from the States General, and one of the Mediators for the Treaty of Peace, was fet out for the Place of Congrefs at the Sultan's earneft Requeft, who had prefented him with 23 Arabick Horfes, 4 Sable Vefts, a Sword fet with Diamonds, a Purle of Gold, and 100 Carrs laden with Provisions.

Copenhagen, April 30. The Men of War which lately failed from hence are ordered to cruize upon the Swedish Coasts and to obferve the Enemy's Fleet, of whose putting to Sea we have yet no Account. The Advices we have of the Posture of the Swedes towards Norway, give us no Apprehensions of their making any Impression on that Side this Summer. A Reinforcement of three Capital Men of War, a large Prahme, and three Frigates, was fent from hence this Week to our Squadron on the Coast of that Kingdom. The Court will very foon remove from hence to Fredericksbourg, and the King intends after a short Stay there, to go into o flein, to view the Damage done in that C untry by the late dreadful inundations, and to fee the Orders put in Execution which he has given for repairing the Dykes, and Praining the Lands that have been overflowed.

Hague, May 13. The States of the Province of Guelderland have fe t up to the States General their Confent to their High M ghtineffes concurring with the King of Great Britain and the most Christ an King, in the Measures proposed by their Majesties for adjusting Matters between the Houle of Austria and the King of Spain. Cou t Tilly arrived here two Days ago from Mastricht to take the usual Oaths before the States General as Governour of that Place : M. Ivoy, newly made Quarter Master General of the Foot, and Collonel Sgravenmoor who fucceeds him as Quarter Mafter General of the Horfe, are likewife come hither to be fworn into their respect ve Employments. Two Swedifh Privateers purfued lately fome of our Ships to the Mouth of the Texel, upon which the Admiralty of Amsterdam immediately ordered some light Frigates to put to Sea and give them chase. Letters from Nantz fay, that fome Privateers with Swedish Colours being come into the Mouth of the Loire, with Intention to have watched for the coming out of the Merchant Ships then in that Port, were ftopt by the Regent's Order 24 Hours after the Merchart Men were failed, which by that Means got clear of them. The Spanish Admiral Castagneta is returned home. The Heer Hower's being appointed Refident from this Republick to the King of Portugal, is fet out for
