done by the Court of Rome, with refpect to the Conftitution Unigenitus, and to permit them at the fame Time to adhere to all that the Faculty has done for two Years past on that Subject. The Number of those who appeared on this Occasion, was about 50: A greater Number will appear on the 18th Inftant; and near 200 Doctors of the Faculty of Theology of Paris, are already counted among the Appellants. The Archbishop of Bourges had caufed fome Copies of an Ordinance in favour of the Conftitution to be affixed on the Gates of the Parish-Churches of that Place; but the Populace got together and tore them down the fame Day. The like has happened at Beau-The Benedictines of Melun, and vais. divers other Bodies, as well Secular as Regular, have fent their Appeals to the Officiality of Paris; and in general the Number of Ecclefiafticks and Communities who have fucceffively appealed, in this Diocefs, and in the feveral Provinces, is already fo great, that there is no doubt they will become the prevailing Party throughout the Kingdom. The Court has cauled Letters to be written to all the Intendants of the Provinces, directing them to warn the Merchants who have Effects in Spain to withdraw them, and not run the rifque of their being fiezed under any Pretext by the Spaniards. The Marine Council have likewife written on the fame Subject to all the French Confuls in the feveral Ports of Spain.
