## **Environment Agency**

Take notice that due to a serious water shortage in Oxfordshire, part of Wiltshire (centering on Swindon) and part of Gloucestershire (centering on Cirencester) caused by an exceptional shortage of rain, Thames Water Utilities Limited of Clearwater Court, Vastern Road, Reading RG1 8DB, is applying to the Environment Agency for a drought permit. The proposed drought permit will involve a variation of our licence to abstract water from underground strata at Meysey Hampton in Gloucestershire (Licence No 28/39/5/44). This will allow us to vary our abstraction licence in two respects:

1. It will remove a restriction that prohibits any abstraction before 31 December 2003 except during emergency periods arising from the failure of the Swindon to Farmoor pipeline.
2. It will remove (for a period of 6 months) a restriction that prevents abstraction under this licence unless the iron concentration in one of our boreholes at Latton exceeds 100 micro-grammes per litre and our other Latton boreholes are pumping at maximum capacity.

The anticipated effect of the drought permit, if granted, will be to increase the amount of water available to supply the Swindon area, thereby reducing the volumes necessary to transfer from Farmoor reservoir. This will result in a reduction in the fall of water levels at the reservoir and help to safeguard longer term supplies of public use. The effect of this may be a reduction in the flow of Ampney Brook downstream of the abstraction. In consultation with the Environment Agency, we are carrying out comprehensive environmental assessments into the potential impact of the proposed permit.

Anyone may inspect the proposals, free of charge, at Cricklade Post Office, High Street, Cricklade, Swindon, Wiltshire SN6 6BX, and at Reading Bridge House (second floor), Vastern Road, Reading RG1 8DB, during normal working hours until Friday 31 October 2003. Objections may be made to the Environment Agency at Isis House, Howbery Park, Wallingford, Oxfordshire OX10 8BD, for the attention of the Water Resources and Regulation Manager. Objections should be made immediately.

### **THAMES WATER UTILITIES LIMITED**

#### **WATER RESOURCES ACT 1991**

Take notice that due to a serious water shortage in Oxfordshire, part of Wiltshire (centering on Swindon) and part of Gloucestershire (centering on Cirencester) caused by an exceptional shortage of rain, Thames Water Utilities Limited of Clearwater Court, Vastern Road, Reading RG1 8DB, is applying to the Environment Agency for a drought permit. The proposed drought permit will involve a temporary variation (for a period of 6 months) of our licence to abstract water from the River Thames at Farmoor (Licence No 28/39/16/78). This will mean that when the naturalised flow at Farmoor is more than 136,380 cubic metres per day, no water shall be abstracted so as to reduce the flow measured at Farmoor gauging station to less than 46,380 cubic metres per day. When the naturalised flow is less than 136,380 cubic metres per day, abstraction shall not exceed 90,000 cubic metres per day or 3,750 cubic metres per hour.

The effect of the proposed permit will be to increase the amount of water available for abstraction into Farmoor reservoir in order to reduce the rate of fall in reservoir levels. This will help to safeguard longer term supplies for public use. The effect on the river will be a reduction in flow downstream of Farmoor. In consultation with the Environment Agency, we are carrying out an assessment of the potential environmental effects of the proposed permit.

Anyone may inspect the proposals, free of charge, at Farmoor Water Treatment Works, Cumnor Road, Farmoor, Oxfordshire OX2 9NS, and at Reading Bridge House (second floor), Vastern Road, Reading RG1 8DB, during normal working hours until Friday 31 October 2003. Objections may be made to the Environment Agency at Isis House, Howbery Park, Wallingford, Oxfordshire OX10 8BD, for the attention of the Water Resources and Regulation Manager. Objections should be made within seven days of the publication of this notice.

## ***Environment Agency—Thames Region***

### **WATER RESOURCES ACT 1991**

Notice is hereby given that an application is being made to the Environment Agency, Thames Region by Thames Water Utilities Ltd, Clearwater Court, Vastern Road, Reading, Berkshire RG1 8DB, to vary a licence to abstract water from the River Thames at Farmoor, Oxfordshire (Licence serial No 28/39/16/78, National Grid Refs SP 439 064, SP 443 085 and SP 477 102).

The quantities currently licensed are: 55, 312, 256 cubic metres per year; 300, 042 cubic metres per day; 12,502 cubic metres per hour. The water is used for public water supply in the North Oxfordshire and Swindon areas.

This licence variation is necessary because a previous variation of the licence in September 2002 resulted in the incorrect residual flow requirement being included on the licence. The proposal is to amend the flow constraint to reflect the licence conditions prior to the previous licence variation.

A copy of the applications and of any maps, plans or other documents submitted with them may be inspected, free of charge, at Farmoor Visitor Centre, Cumnor Road, Farmoor, Oxfordshire OX2 9NS, at all reasonable hours during the period beginning on Friday 24 October 2003 and ending on Monday 24 November 2003.

Any person who wishes to make representations about the application should do so in writing to the Water Resources Regulatory Team Leader, Environment Agency—Thames Region, Isis House, Howbery Park, Wallingford, Oxfordshire OX10 8BD, before the end of the said period.
