Constantinople, August 19.

**T**HE second Turkish Plenipotentiary at Passarowitz is actually preparing to go to France, and it is said will imbarke in about 20 Days on Board a French Merchant Ship which is to carry him to Marfeilles; he takes with him a Retinue of 50 Persons. Some Days ago Sig. Emo, the Venetian Bailo arrived here, whereupon Sig. Ruzzini the Ambassador Extraordinary is preparing to return home, and proposes to imbarke by the End of next Month.

Genoa, Sept. 24. On the 21st Instant arrived a Brigantine from Port Mahon, by which the British Consul here received a Letter from Lieutenant-Governour Kane dated the 23d past, O. S. advising, that on the first Notice he had received of the Plague's being broke out at Marfeilles, he had caused such Care to be taken by Guards kept at the Ports and round the whole Island, that no kind of Vessel from the Coast of France had been admitted into any Part of Minorca, but obliged to retire from that Coast; particularly the Packet-Boat of that Island, employed to carry Letters to and from Marfeilles, arriving from Marfeilles on the 16th of August, O. S. was obliged to anchor without the Port, no Person was permitted to go aboard her or to come from her; and she was forced to put to Sea again. Letters from the Consul of this State at Marfeilles the 8th Instant advise, that from the 3th to the 6th Instant there died 214 Persons, from the 6th to the 7th 230, and to the 8th in the Morning 86; and that the Officers of the Town with 40 Grenadiers of the Gallies and 200 Slaves, had gone about the City, and taken away all the dead Bodies which for some time had lain in the Streets and increased the Infection; the Number of the dead of the Plague in that Town and Neighbourhood to the 8th Instant, was reckoned to be 18000. Last Night arrived Letters from the forementioned Consul, dated the 12th, advising, that the Fevers which till then had brought on the Mortality, were turned into large Tumours breaking out on the Shoulders, Arms, and Neck; that some so affected had been cured; that from the 8th Instant to the 9th there died 208, from the 9th to the 10th 165, from the 10th to the 11th 121, and from the 11th to the 12th in the Morning 73; that the Duke Regent had nominated M. de la Geran Commander of the Gallies, Governour of Marfeilles; and that they were in hopes of better Government and stricter Observance of Orders, from the ample Commission given him. This Republick has interdicted all Correspondence with Tuscany, the great Duke having done the same some time ago with respect to this State, without any known Reason. We do not hear that the Plague is got as yet into any Part of Italy.

London, September 30.

This Day a General Court of the South-Sea Company was held at Merchant-Taylors-Hall, wherein the Agreements with the Bank for the circulating a large Sum of the Company's Bonds or Bank-sealed Bills, for the Use and Service of the South-Sea-Company, and for the Benefit of publick Credit; and also the Agreement with the Bank for their redeemable Fund of 3775000 l. to be paid in the Stock of the South-Sea-Company at 400 per Cent, adding the Midsummer Dividend of 10 per Cent in Stock, and the Bank to receive the Interest of those Funds to the 29th Instant, was unanimously agreed to by the General Court.

And likewise, that the Proprietors of the redeemable Debts taken in on the last Subscriptions to the Company, should be allowed for their several Interests in the said Funds, the same Terms in all Respects as the Bank, and that the last Subscription of the long Annuities be valued at 32 Years Purchase.

And the 9 per Cents, and the Tickets of Lottery 1710, be valued at 17 Years Purchase, all which to be paid for in Stock of the Company at 400 per Cent, and be entitled to an Addition of 10 per Cent in Stock for the last Midsummer Dividend; and that the Proprietors of the Long Annuities and 9 per Cents be intitled to their Annuities due the 29th Instant.

N. B. A great Number of the most considerable Proprietors in those Annuities and redeemable Debts in the said last Subscriptions appeared at the General Court, and declared themselves well satisfied with the said Terms.

And it was also agreed, that the 3d Subscription which was taken at 1000 per Cent, be reduced to 400 per Cent, and the Subscription Receipts give out accordingly.

That the 100 per Cent already paid be taken in Part of the said Payment, and that the remaining 300 per Cent be paid in 9 Payments, whereof the 3 next Payments to be at 40 per Cent each, and the other 6 Payments at 30 per Cent, at 6 Months Distance from each other, the first Payment of 40 per Cent to be the 2d of July 1721.

It was also agreed that the 4th Subscription which was taken at 1000 per Cent, whereof 200 per Cent is paid down, be also reduced to 400 per Cent, and the Subscription Receipts be given out accordingly; and that the remaining 200 per Cent be paid in 8 equal Payments of 25 per Cent each, the first of which is to be the 26th of September 1721, and the remaining Payments each at 6 Months Distance from each other.

That Interest is to be allowed to the Company from Michaelmas 1720, after the Rate of 3 per Cent per Annum, to the respective Times of Payment of the said 3d and 4th Subscriptions.

And that the 10 per Cent Dividend at Midsummer be also allowed on the said 3d and 4th Subscriptions.

N. B. It has been already declared by the Court of Directors, that the Proprietors of the Receipts of all the Money Subscriptions will be allowed in part of their Payments, the several Dividends that shall be made on the Stock of the said Company, until their Payments are completed.

It was also agreed that 5 per Cent Interest be allowed on all the Company's Bonds from the 29th Instant, until they shall become due, and that any of the Company's Bonds will be taken as Money in the 4th Payment of the first Subscription, which becomes due the 14th of October next, and there is no Doubt they will be taken in all future Payments.

Since the General Court, Stock is considerably advanced.

Whereas in pursuance of a Warrant from his Majesty, the Government of Ireland have lately erected a Light House at Loop-Head, at the Mouth of the River Skannan, on the Western Coast of that Kingdom; it is thought proper to advertise the Publick thereof, that the Merchants of Great-Britain may give Notice of it to the Commanders of their Ships which may come on that Coast by Night, in order to prevent the ill Consequences of their being surprized or thinking themselves on any other Coast.
