Activity Description

providing senior citizens in the village with a range of friendship services and activities
providing safe refuge, ongoing support and access to specialist services for young
runaways at risk of harm

transforming a derelict sewage works into beautiful nature therapy gardens for the
community, with special facilities for the disabled and elderly

a pop-in centre catering for the elderly, providing companionship, refreshments and
warmth to enhance their quality of life

supporting the elderly and young people in the community through social and
environmental activities

sharing, encouraging and expanding a common interest in the ancient art of
woodcarving
